PART V, 3a:

Diane L. Stocking

A.S. Degree in Forestry Technology (total semester credits 96). Studied and researched Sasquatch/Bigfoot for the past 30+ years. Has appeared (at no fee) on a documentary produced by Animal Planet and was published in the book *Elementum Bestia*. I have worked with Dr. Henner Farenbach of the Primate Research Facility in Oregon; Dr. Jeff Meldrum, Professor of Anatomy and Anthropology at Idaho State University; Roberta Short, Founder of Sasquatch Encounters based in Southern California; and Peter Burne, Fellow of the Royal Geographic Society, author of *The Search for Bigfoot – Monster, Myth, or Man*, and founder of The Bigfoot Research Project. Duties will include, but not limited to, field research and data collection. Anticipated average hours worked per week will be 35.

Donna Stocking Cohrs

A.S. Degree in Forestry Technology, A.S. Degree in Forestry Engineering, and an A.A. Degree in Business (total semester credits 158). Studied and researched Sasquatch/Bigfoot for the past 30+ years. Has appeared (at no fee) on numerous radio shows, including Bigfoot Quest, Campfire Shadows, Nite Callers Radio, MNBRT Radio, and Sasquatch Watch Radio. Professional colleagues include, but are not limited to, Dr. Henner Farenbach of the Primate Research Facility in Oregon; Dr. Jeff Meldrum, Professor of Anatomy and Anthropology at Idaho State University; Roberta Short, Founder of Sasquatch Encounters based in Southern California; the Independent Sasquatch Research Team based in Florida; Mike Hall, Founder of Texla Research based in Texas; and Dr. Richard Eisner, D.P.M, F.A.C.F.A.O.M in Salem, Massachusetts. Duties will include, but are not limited to, field research and data collection, any and all filing of documentation, bookkeeping, records keeping, accounts, and the filing of local, state, and federal forms. Anticipated average hours worked per week will be 35.

PART V, 3a continued:

Ron Schaffner

An active field investigator, Ron Schaffner has researched unusual phenomena associated with cryptozoology since 1975. He became interested in Bigfoot while doing a part-time radio show, where he found a copy of John A. Keel's paperback, *Strange Creatures from Time and Space*. A 30-minute talk show turned out to be his over two decades search for the answers to mysteries. Schaffner was highly active during the reported creature wave of 1977 and 1980, and many of his cases have been documented in various publications. Schaffner is a retired computer technician. He is also an active amateur radio operator. Duties will include field research, data collection, and solicitation of donations. Anticipated average hours worked per week will be 35.

Dave Sidoti

Dave is 41 years old and has been researching Bigfoot for 15 years. He has lived in Florida most of his life and is the owner of the ISRT (Independent Sasquatch Research Team). I have worked with Diane Stocking and Donna Stocking Cohrs for many years. Duties will include, but are not limited to, field research and data collection, any and all filing of documentation, and communications. Anticipated average hours worked per week will be 35.

Part II, #5:

Officers of the corporation are selected by Co-Owner/President, Diane Lee Stocking and Co-Owner/Vice President/Treasurer, Donna Stocking Cohrs (Article III). All decisions pertaining to the running of the corporation, and monies spent, will be a joint decision by the officers of Stocking Hominid Research, Inc.

Part VIII:

#10

See Narrative, paragraph 6.

Part VIII:

#11

Stocking Hominid Research, Inc. will accept donations of real estate property, vehicles, planes, electronic equipment, computers, photography equipment, boats, helicopters, buildings, office supplies, camping equipment, and copyrights.

There will be no conditions imposed on the donator. The donator will receive a receipt showing the item(s), value(s) and date; proving donation. No agreements will be made with the donator in regard to the usage of the donated item(s). Usage of any donations will be designated by the officers of Stocking Hominid Research, Inc.

Stocking Hominid Research, Inc.

EIN: 14-2002832

ARTICLES OF ORGANIZATION

Article I:

Stocking Hominid Research, Inc. is formed exclusively for scientific purposes.

Article II:

All monies and energies will be exclusively used for scientific hominid research.

Article III:

All officers of Stocking Hominid Research, Inc. will be appointed by Co-Owner/President, Diane Lee Stocking **and** Co-Owner/Vice President/Treasurer Donna Stocking Cohrs.

PART IV:

Narrative:

Our corporation was formed purely for scientific purposes. Specifically, we are researching the existence of a bi-pedal hominid known as Sasquatch or Bigfoot. Through this research, we plan to accumulate data to prove the existence of this hominid (Hominid – any of a family of primate mammals that comprise all living humans, extinct ancestral, and related forms). All our efforts will be toward the advancement of research for this species, and to eventually describe it for the scientific community.

Stocking Hominid Research, Inc. (SHR) is comprised of four officers with a combined total of 95 years of experience in studying these hominids. We have worked for years investigating sightings and researching areas of sightings. We have been consulted on this subject by organizations such as Animal Planet, various radio shows, producers, and publishers.

The corporation will be run by the Co-Owner/President, Diane Lee Stocking, Co-Owner, Vice President/Treasurer, Donna Stocking Cohrs, 2nd Vice President, Ron Schaffner, and Secretary, David Sidoti. Diane Stocking's activities will include field research and data collection, as will all other officers. Donna Stocking Cohrs' duties will be the filing of documentation, bookkeeping, records keeping, accounts, and the filing of local, state, and federal forms. Ron Schaffner's main duties will be the solicitation of donations to fund the research. David Sidoti's responsibilities will include all filing of documentation, and communications, as well as any and all documentation to procure any permits for research in any areas in the United States and Canada. All papers or articles written for scientific review will be a joint effort of all officers.

Absolutely no fees will be charged to investigate or research a sighting turned in to the corporation from any source. Any persons willing to contact the corporation for help will not be turned down with the exception to the following:

1. We will not investigate anything pertaining to time travel or inter-dimensional travel.
2. Possible perpetrated hoaxes will be looked into at the discretion of the officers.
3. We will reserve the right not to investigate and research any occurrence that we feel does not pertain to a flesh and blood hominid.

NARRATIVE, continued

The Corporation will be accessible to anyone through the phone numbers and email addresses of the officers; as well as the Stocking Hominid Research, Inc. web site, www.stockinghominid.com. The officers are well known to independent Sasquatch/Bigfoot researchers. Word-of-mouth references will succeed in furthering our corporation's client/sightings database.

Any offices, field research structures, equipment, vehicles, and other tangible property purchased with Stocking Hominid Research, Inc. funds will be owned by the corporation. All field notes, photos, videos, data, vocalizations, castings, impressions, scientific papers, scientific reviews, and written or visual documentation obtained, and theories of the officers will be the copywrite of Diane Lee Stocking, Donna Stocking Cohrs, Ron Schaffner, and David Sidoti.

The officers will receive a compensation of \$40,000.00 (US dollars) yearly each if, and only if, the funds are available. This compensation will be for the time, effort, and energies freely given for the advancement of hominid research. This amount can be adjusted (higher or lower) on a monthly basis by a joint approval of the officers.

Our corporation will be based in the state of Florida, at 505 King Charles Circle, Deland, FL 32724. The location of our base of operations could change in the future. At that time, the proper documents will be filed to reflect the change. We will travel to any state, province, or country to research and study any occurrences that might further the advancement of hominid research.

There will be one formal meeting per year for the corporation. Informal meetings will be held to discuss research, locations, equipment, etc. at any time that one or more officers needs to discuss anything pertaining to the corporation with the other officers. Due to the distances involved with the residences of the officers, all meetings will be via e-mail, cell phone, or the USPS. It has been agreed by all officers that electronic signatures will be acceptable if attached to an electronic document.

Funding for Stocking Hominid Research, Inc. will be solely based on donations freely given by any individual, company, or organization.

Our research will involve spending weeks at a time in remote wilderness areas. The research will involve setting up wireless remote cameras and monitors, highly

NARRATIVE, continued

sensitive motion cameras, thermal imaging camers, and “Bionic Ears” sound monitoring and recording equipment. Equipment for the research will vary from listening and video/sound recording to camping equipment and all terrain vehicles.

To say the least, we are passionately committed to our research. We expect to eventually see great results from our efforts.
