CORPORATE PURPOSES:

To help reduce the murder rate in Miami-Dade County

This will be done through the recruitment of humanitarian volunteers and expert consultants who will hold crime-prevention educational workshops, and who will also help reorganize community leaders to more effectively deal with elements or groups who engage in murdering others.

Organizational Philosophy: It is this Organization's credo that we are to treat each other just as we cherish and treasure our children.

Miami Dade County Community Residents for Peaceful Coexistence Inc. intends to revive the spirit of brotherly coexistence. We remain convinced that we can, if we want to, create any type of community we want. By the way, the present one we live in is also of our making. We are certain that many Miamians deplore the state of many of our lower-income neighborhoods. ...Then, why not help the residents change them? We can, if we want to, say: "No more killing!" Guess what? That too can become our reality.

As a group, as a people, as a County, we can redesign our communities any way we wish. Then, let's do it! Murder, cruelty and violence only bring misery, grief and despair to our neighbors. We need to find a way to eliminate these inhumane environments and replace them with Peace through LOVE. For those who prefer to turn our County into a "jungle" of violence, fear and intimidation, we reserve the spotlight of community and national outrage so this form of "enlightenment" can prod them to put a stop to their inhumane carnage.
