CAREIF Community out reach fund, is a none for profit organization that will seek to achieve the economic upliftment of the poor and marginalized people existing on the fringes of society including the homeless (including the mentally challenged);the unemployed, the currently unemployable; abandoned children, and abused children because they lack the necessary skills or training, financial and logistic support as well as viable opportunities to find employment or the means to identify available employment when out side their immediate area of experience or residence. This will be achieved through redevelopment of Rural as well as Inner-city neighborhoods on a national as well as international level by raising funds through charitable means directly as well as in association with other charities, groups; government grants and other private for profit corporations. Funding will be used to directly develop affordable housing, business training and opportunity, business support groups; affordable commercial centers for budding entrepreneurs; Recreational facilities to service the social needs of the poor; which will enhance the program and help to improve society as a whole by reducing and or eliminating crime in these targeted areas as well as the people in general.
