Dear Sirs:

I am writing you regarding the Articles of Incorporation for the Eldorado Estates Homeowners Association, Inc. Document number N08000009964.

The signatures they used to represent the 2/3 consent were obtained PRIOR to the initial meeting for formation of the HOA. I believe that had the signatures been obtained AFTER that initial meeting the Board would not have gotten their 2/3 consent due to the choices made for directors of the association.

Additionally I believe that if those who signed this petition were told of the HOA's intent to purchase and manage our property, you would receive a lot of letters like this one!

I firmly believe that my signature was which was obtained and counted by the current HOA for their incorporation was obtained under a false pretense. It was presented as an organizational meeting to attempt to eliminate the lot rent increase however, according to the articles of incorporation later filed with the Division of Corporations, the purpose of this HOA is actually to purchase the land. I would never have signed anything had I known this was the intent.

The articles of incorporation which were submitted to the Division of Corporations do not represent my intents as an owner in El Dorado Estates.

I therefore request that my signature be withdrawn from the list used by Eldorado Estates Homeowners Association Inc. to form their Corporation as defined in their articles of incorporation and request that the Division of Corporations, State of Florida mandate a recount of said 2/3 consent by signature.

I thank you in your assistance with this matter and look forward to a response from your Division.

Sincerely,

3-24-09
