Yes, the two are related. I called last week when doing the filing and was told to complete the filing first, then submit an assignment of the trademark to the new name. But, yes we are related. I am just waiting for the document number so I can mail in the trademark assignment form. I was told by a representative from your office to do it this way because I could not file the assignment online.

Thank you for your assistance with this matter,

I'm sorry after I got off the phone with you I discovered that we have a trademark on file by this name and it appears that they are related. If they are can I get you to fax me a letter that I can put with this filing indicating it is the same individuals. If I can't get the letter we will have to say the name is not available.
