## *KEEP DADDY IN*

The mission of *Keep Daddy Involved* is to provide the least disruptive services in the reunification of "Dads" with their children throughout the process of court determined proceedings. Our vision is for all dads to realize the influence they have on their children, despite spousal adversity and litigious challenges. We will achieve results by building familial partnerships and funding and providing quality services in order to promote the safety, permanency and well-being of our children and families. *KDI* is dedicated to improving the integration of services for Florida's children, youth, families and vulnerable populations; to assist in promoting their development and to protect them from separation and abandonment resulting from court-related injustices.

The principles of *KDI* are:

- To encourage Dads to be involved in their child/children's' life
- To provide support groups and counseling for single, separated and divorced parents
- To strengthen society as a whole
- To orchestrate school activities for parents and children to build a stronger relationship with their child/children
- To establish a mentor/mentee program in order to demonstrate appropriate role models for the family unit
- To ensure the safety of children of working or absent parents through daycare and after school programs.
