## What SEAL Strong Does:

### SEAL Strong 36-Hour Challenges

*A 36-hour program that will challenge you physically and mentally, and may change your life.*

Our 36-hour Challenge simulates the Navy SEAL "Hell Week" and is designed to get you out of your comfort zone, test your determination, and push you past your limits. We utilize our knowledge and training as former Navy SEALs to teach you how to be physically harder and mentally stronger than your competitor. We will test your commitment, determination, and spirit by coaching you to control your emotions and actions regardless of circumstances. Our 36-Hour Challenge is a gut check designed to mentally and physically test participants beyond the "norm" in a very intense physical environment. The Challenge determines who has the ability and mindset to endure adverse conditions. The experience results in a sense of accomplishment and awareness of an individual's innate ability to accomplish more than one's perceived limitations.

This Challenge will place you into teams where you will communicate to build strong foundations of trust and gain situational awareness while encountering chaos and adversity. Individual and team excellence is expected as SEAL Strong demands leadership, discipline, and mental toughness – all in an instructional setting.

Although our commitment is to military development, SEAL Strong has grown to encompass other groups, such as sports teams, government agencies, and corporate groups.
