My name is Yvonne Williams and I am the creator and only Director of Blazin' Heat Academics and Athletics. I met Ms. Bawana Perry while playing in a youth basketball league with the now defunct YMCA in Tallahassee, Florida. She had an interested in coaching AAU Basketball and I welcomed her to come on board and assist with our younger age groups. As the years will pass us by, the request to add more kids would require the need to add more teams. The organization was set up for Ms. Perry to teach/coach the younger teams (Elementary and Middle School age) until they were able to move up to the High School level which I taught/coached. In 2016, Ms. Perry failed to adhere to the dynamics of the organization, as well as contribute to any of the annual tax filings. On 03/03/2018 after filing my annual report, Ms. Perry completed an amendment without my knowledge to secretly remove me from my ownership of Blazin' Heat Academics and Athletics and pass it off as her own. Not until, 03/07/2019 when I went to file the annual report that this was noticed.

Respectfully submitted,

Yvonne Williams

Director
