The purposes of Making A Better World (Haz Un Mundo Mejor) Inc. , is:

1. To educate and entice businesses and households to change to biodegradable, ecologically friendly products (e.g: recyclable garbage bags and disposable utensils made of new sustainable materials –patent pending) and ecofriendly cleaning products.
2. To promote proper recycling and get governmental bodies (e.g.: cities, municipalities, etc.) to control, enforce and fine the non-compliance of it.
3. To press the governmental bodies (e.g.: cities, municipalities, etc. ) to promote environmentally friendly construction including the inclusion of solar panels in new buildings.
4. Reach out to people to re-implement the care for the human race and the planet using compassion, common sense and logic as builders to provide role models of behavior for ecologically sustainable actions in everyday situations.
5. Reach out and educate young people to live by these role models of behavior and stop the actions that are degrading to the planet.
6. To link environmental organizations and unite to approve controversial issues including but not limited to GMO regulations, prohibition of hazardous substances and materials etc. and submit petitions to legislature for their approval.
7. To open a portal for independent thinkers to produce ideas which would lead to solutions for all environmental problems such as contamination, climate change and sea level rise, including the promotion of any program or grant study or competition related to creating these solutions.
8. To research, test and implement the ideas that do provide solutions.
9. To get the people involved in Making A Better World for our future and the generations to come.
10. Reduce, reuse, recycle and remove.
