## Article III: Purpose ...continued

### 3.01 Purpose

Saving Our Society Inc. is a non-profit corporation and shall operate exclusively for educational and charitable purposes within the meaning of Section 501 (c)(3) of the Internal Revenue Code, or the corresponding section of any future Federal tax code. Saving Our Society Inc.'s purpose is to foster local and worldwide unity through a mindset of global citizenship where every individual can equally and fairly have the opportunity to earn their own food, safety, belonging, accomplishment and self-actualization.

Our mission is in Saving Our Society from social constructs which are confining, labeling that hurts, and the harm that unearned privileges perpetuate when they go unnoticed. We seek to educate and be a voice for the underprivileged, in such a way that those who have and those who have not still feel connected and share in one common goal, the goal of Saving Our Society. We strive to do this by raising awareness on social issues, in a way that promotes unity, and creates small waves through delivering on consistently new objectives which will help re-shape our society for the better. Our focus will be in building up local communities worldwide which help raise awareness and participate in community engagement. This way all of us can work united on redefining our society's narrative.

First, we will help raise awareness through various methods of education regarding the following topics: social constructs, unearned privileges, labeling and media messaging. Education methods include but are not limited to: in person group activities and discussions, online presence, community engagement activities such as charitable events within local communities, and representation of our purpose through the way the leadership conducts themselves.

Second, we will work towards creating a safe platform where participants within the community will be able to express what issues are most pressing for them. As a result, objectives to tackle the issues facing our community will be defined. Each new objective will then be carried out to completion. Each objective will have an ultimate goal of creating an atmosphere which allows our differences to be recognized and appreciated, but the focus to be in our similarities in order to create an atmosphere of unity. Re-shaping is a continual process where everyone in the community is encouraged to participate. We are confident that with the desire and passion of individuals in local communities worldwide who step up, we will all be a true part in Saving Our Society.

To maximize our impact on current efforts, we may seek to collaborate with other non-profit organizations which fall under the 501(c)(3) section of the internal revenue code and are operated exclusively for educational and charitable purposes.

At times, per the discretion of the board of directors, we may provide internships or volunteer opportunities which will provide opportunities for involvement in said activities and programs in order to have a greater impact for change.
