Subject: Removal of my father's name.

Dear Ms.Gibson:

As we discussed earlier today, my father, Raymond F. Hogan, has his name erroneously listed on incorporation documents filed with your department. The corporation name is Eagle Creek of Naples Condominium Association No. 1 (N12975), No. 2 (N17250), and No. 3 (N17249).

My father was never an officer, principal, or owner in this organization, nor was he ever a property owner in this condominium development. Rather, he was a salaried employee of the development company, and never knew nor agreed to having his name included in these documents. He left his employment with this company in 1990.

Though his name has been listed on these documents since the 1980s, we have only become aware of this issue very recently. We will appreciate any action that you can take to correct this situation.

Thank you for your assistance.
