#### ARTICLE III - PURPOSE

Ocean Rescue Alliance (ORA) is a non-profit, environmental NGO that is on a mission to save the world's Oceans. We work collaboratively with communities and organizations to reduce direct threats to ocean ecology, reefs and marine life in ways that provide lasting benefits to people and wildlife. ORA is dedicated to meeting the challenges of climate change, over-fishing, and human impact facing the world's oceans by developing innovative interventions to improve the efficiency and

long-term effectiveness of coral reef restoration and fishery enhancement activities. ORA is actively supporting organizations and institutions engaged in expanding the scientific understanding and awareness of adaptive strategies of marine life and applying this information to give reefs and fisheries the best chance to thrive for generations to come. We use public outreach, educational programs and collaboration with environmental researchers and managers to rallying the conservation community around scalable and effective solutions for coral reefs, fisheries and marine ecosystems.
