Purpose of the Corporation

The purpose of this corporation is to give back to my community by helping the people in need. It is my desire to help feed and clothe the homeless and to help them find affordable shelter. The shelter program will be dedicated to help build housing for them such as container homes, tiny homes, and also pay for temporary hotel stay or rental homes to get them off the streets and so they can get on their feet. The program for the homeless will also be dedicated to cook for and go serve the homeless. To meet the sanitary and other needs of the homeless, I will buy groceries and hygiene supply for distribution to the homeless. Donation to food banks is also a plan so it could be a source for the homeless and the needy to always find needed items.

Also, it is my desire to provide a group housing to care for people with Autism. As we are increasingly having more children with Autism, it is a burden on parents especially single parents to care for their child with Autism and the worry grows as the parents get older and can no longer care for their Autistic child. When a less fortunate parent pass away, the autistic child is left with no where to go. Therefore, there should be many programs set up to help Autistic people by giving them job skill, mentoring, coaching, and caring for them to help them get jobs and also to provide them with a place to sleep so they can function in this society. Regular inspection is to be done to protect them for abuse and to keep their environment safe.

The corporation Rescue 360 Degrees Inc. is desired to help in time of disaster to rebuild and provide foods and hygiene supply to people that are dislocated. It is important to help them get back on their feet to provide possible shelter, food, and temporary soup kitchen.

A service will provide food and cleaning for them. The service is also extended to the handicapped. It is also a desire to help the less fortunate with a decent vehicle for transportation to work for them to make a living. Car insurance can be paid for them for up to six months on the vehicle so they can get a head start.

The corporation wants to help give back to the education system by helping the schools and students. Help pay temporarily for internet service for needy students without such service so they can access resources to do their homework. Some students need electronic devices, with the help of the corporation it is a desire to purchase school supplies and electronic devices for children in school. It is also a desire to help pay for private tutoring for students that show interest and don't have the means to pay for it. Paying for tutoring for students who show interest and are in need to help them excel academically.
