Greetings,

On September 30, 2023, I received a call from Ronald Cooper. I was asked to be a part of his Board of Trustees at the Gathering Place- Leesburg. He then asked for my home address, which I gave him. However, we both agreed that I would take a couple of days to think it over before deciding if I wanted to proceed in sitting on his Board.

On October 2, 2023, at about 9:00 a.m., I called Ronald Cooper and advised I'd decided against sitting on the Board of Trustees at The Gathering Place-Leesburg. Mr. Cooper stated he understood and that was the end of that conversation.

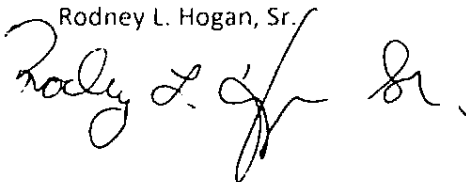

I later found out that my name and address was used fraudulently with connection with opening the non-profit organization. I never gave Ronald Cooper my consent, verbally, written or implied to do so. I am not, or ever will be, a sitting Board Member at The Gathering Place-Leesburg.

At this time, I am requesting that my name, address and any information pertaining to me be removed immediately and permanently from the above mentioned Not for Profit Cooperation to avoid any further actions on my behalf to protect my interest.

Thanking you in advance for your time and attention to this matter.

Best Regards,

Rodney L. Hogan, Sr.
