**ARTICLE 11.**  
**TURNOVER OF ASSOCIATION CONTROL**

After control of the Association is obtained by members other than the Developer, the Association may institute, maintain, settle, or appeal actions or hearings in the name of the Association on behalf of all members concerning matters of common interest to the members; including, but not limited to, the common areas; roof or structural components of a building, or other improvements for which the Association is responsible; and mechanical, electrical, or plumbing elements serving an improvement or building for which the Association is responsible. The Association may defend actions in Eminent Domain or bring inverse condemnation actions. Before commencing litigation against any party in the name of the Association involving amounts in controversy in excess of \$100,000.00, the Association must obtain the affirmative approval of a majority of the voting interest of the meeting of the membership at which a quorum has been obtained. This provision does not limit any Statutory or common law right of any individual member or class of members to bring any action without participation by the Association.

**ARTICLE 12.**  
**OFFICIAL RECORDS**

The Association shall maintain each of the following items, when applicable, which constitute the Official Records of the Association:

- (a) A copy of the By Laws of the Association and of each Amendment to the By Laws.
- (b) A copy of these Articles of Incorporation of the Association and of each Amendment thereto.
- (c) A copy of the Declaration as recorded in the Public Records of Volusia County, Florida and a copy of each Amendment thereto.
- (d) A copy of the current Rules and Regulations of the Association.
- (e) The Minutes of all meetings of the Board of Directors and of the Members, which Minutes must be retained for at least seven (7) years.
- (f) A current roster of all Members in the Project and all Members of the Board of Directors for each Condominium Association in the Project and their mailing addresses and unit identifications. The Association shall also maintain the electronic mailing address and the number designated by Members for receiving Notice sent by electronic transmission of those Members consenting to receive Notice by electronic transmission. The electronic mailing address and numbers provided by unit owners to receive Notice by electronic transmission shall be removed from Association records when consent to receive Notice by electronic transmission is revoked. Notwithstanding, the Association is not liable for an erroneous disclosure of the electronic mailing address or the number for receiving electronic transmission of

Notices.

- (g) All of the Associations insurance policies or a copy thereof, which policies must be retained for at least seven (7) years.
- (h) A current copy of all contracts to which the Association is a party, including without limitation, any management agreement, lease or other contract under which the Association has any obligation or responsibility. Bids received by the Association for work to be performed, must also be considered official records and must be kept for a period of one (1) year.
- (i) The financial and accounting records of the Association, kept according to good accounting practice. All financial and accounting records must be maintained for a period of at least seven (7) years. The financial and accounting records must include:
  - 1. Accurate, itemized and detailed records of all receipts and expenditures.
  - 2. A current account and a specific statement of the account for each member and each Association in the Project and the designated name and current address of each member and the Treasurer or other Officer of each Association who is obligated to pay assessments on behalf of their respective Associations, the due date and amount of each assessment or other charge against the Member and their respective Association, the date and amount of each payment on the account, and the balance due.
  - 3. All tax returns, financial statements and financial reports of the Association.
  - 4. Any other records that identify, measure, record or communicate financial information.

The official records shall be maintained within the State for at least seven (7) years and shall be made available to a unit owner for inspection or photocopying within forty five (45) miles of the Project or within the County in which the Association is located within ten (10) business days after receipt by the Board or its designee of a written request. This provision may be complied with by having a copy of the official records available for inspection or copying in the Project or, at the option of the Association, by making the records available to a unit owner electronically via the internet or by allowing the records to be viewed in electronic format on a computer screen and printed upon request. If the Association has a photocopy machine available where the records are maintained, they must provide unit owners or their respective Association with copies on request during the inspection if the entire request is limited to no more than twenty-five (25) pages. The Association shall allow a member or their authorized representative to use a portable device, including a smart phone, tablet, portable scanner or any other technology capable of scanning or taking photographs to make an electronic copy of the official records in lieu of the Association providing the member or their authorized representative with a copy of such records. The Association may not charge a fee to a member or their authorized representative for use of a portable device.

The Association may adopt reasonable written rules governing the frequency, time, location, notice, records to be inspected, and manner of inspections, but may not require a unit owner to demonstrate any proper purpose for the inspection, state any reason for the inspection, or limit a unit owner's right to inspect the records to less than one (1) eight (8) hour business day per month. The Association may impose fees to cover the cost of providing copies of the official records, including the cost of copying and the cost required for personal to retrieve and copy the records if the time spent retrieving and copying the records exceeds one half (½) hour and if the personnel costs do not exceed \$20.00 per hour. Personnel costs may not be charged for records requests that result in the copying of twenty five (25) or fewer pages. The Association may charge up to twenty five cents (.25) per page for copies made on the Association's photocopier. If the Association does not have a photocopy machine available where the records are kept, or if the records requested to be copied exceed twenty five (25) pages in length, the Association may have copies made by an outside duplicating service and may charge the actual cost of the copying, as supported by the vendor invoice. The Association shall maintain an adequate number of copies of the recorded governing documents to insure their availability to members and prospective members.

### **ARTICLE 13.** **AMENDMENTS**

Amendments to the Articles of Incorporation shall be proposed and adopted in the following manner:

13.1 A Resolution for the adoption of a proposed amendment may be proposed by the Board of Directors or any ten (10) or more owners of units in the Project whether meeting as members or by instrument in writing signed by them.

13.2 Upon any amendment or amendments to these Articles of Incorporation being proposed by said Board of Directors or ten (10) or more owners of units in the Project, such proposed amendment or amendments shall be transmitted to the President of the Association or other officer of the Association in the absence of the President, who shall thereupon call a special meeting of the members of the Association for a day no sooner than ten (10) days nor later than sixty (60) days from the receipt by him of the proposed amendment or amendments, and it shall be the duty of the secretary to give to each unit owner in the Project written or printed notice of such meeting, stating the time and place of the meeting and reciting the proposed amendment or amendments in reasonably detailed form, which notice shall be mailed to or presented personally to each unit owner not less than seven (7) nor more than thirty (30) days before the date set for such meeting. If mailed, such notice shall be assumed to be properly given when deposited in the United States Mail, addressed to the unit owner at their post office address as it appears on the records of the Association, the postage thereon prepaid. Any unit owner may, by written waiver of notice signed by such member waive such notice, and such waiver when filed in the records of the Association, whether before or after the holding of the meeting, shall be deemed equivalent to the giving of such notice to such member. At such meeting the amendment or amendments proposed must be approved by an affirmative vote of two thirds (2/3) of the unit owners of all Associations in the Project in order for such amendment or amendments to become effective (except for an amendment changing the name of the Association which requires the affirmative vote of seventy-five percent (75%) or more of the members)..
