Once so proposed, the amendments shall be submitted to a vote of the Members no later than the next annual meeting for which proper notice can be given.

C. See the Articles for current text." Any such amendment may also be approved in writing by a majority of the total voting interests without a meeting. Notice of any proposed amendment must be given to the Members, and the notice must contain the text of the proposed amendment.

D. Any proposed amendment to these Articles, which would affect the Surface Water Management System and Stormwater Management System (including environmental conservation areas and the water management portions of the Common Areas), must be submitted to the Southwest Florida Water Management District or its successors for a determination of whether the amendment necessitates a modification of the surface water management permit.
