On 12/24/2024 my name, address, and identify were stolen to form "A PLACE OF GOODNES INC." in Florida.

This was done without my knowledge and without my consent.

The aforementioned entity was created through LegalZoom, and I have already contacted them and asked them to dissolve this corporation. They said "They would contact their billing department and get back to me in 3-5 days."

Legalzoom also charged my credit card twice without consent, and had more attempted charges.

I was mailed the articles of incorporation by Legalzoom.

The document number is N24000014762

The document was filed under FAX audit number H24000420951

I, Tom Molitor have never formed a business in Florida, and I have no knowledge of the other names associated with this corporation. Please remove my name from anything and everything to do with this "A PLACE OF GOODNESS INC" as soon as possible.

Thank you,
Tom Molitor
