Attention Susan Payne:

This is in regard to the illegal and unprofessional antics of Janice Campbell (DBA) Coons Run Wildlife Sanctuary. She has placed me in a highly questionable position as "treasurer" of her old organization. This was done most likely to frame us or use us. The past few years we were fraudulently being lead-on by Mrs. Campbell to be 'taking over ' the organization. We want to know the whole legality of the situation when you are placed onto a 'board' with out any knowledge or permission. Permission would have been given at the time this was done. We are understood that this is in fact a fraudulent act and is illegal. There have been no prior "meetings" held for what would normally be done in a corporation to add/change officers, also to have notes or minutes showing the upcoming vote and then the unanimous agreement to place someone in a position. The person should more than anything exist at the function or give representation and have knowledge of such happening which I did NOT. She then went to a lawyer to take me to court for doing things to help keep "Coons Run Wildlife Sanctuary" looking like it has been actually running as usual. This includes doing fund raisers at her knowledge, to bring in money that hasn't been in the account for quite some time, this way we wouldn't have to put too much of our own pocket money into re-building the sanctuary. Then, after telling us we aren't going to be taking over after all, she puts me on as the one person who would be responsible for anything and she would not to answer for the business or monies, just me. Her vicious acts against my husband and me leave us with just these fears. We should not have to pay for something we did not know about or agree to, if anyone should answer to anything it should be Mrs. Janice Campbell.

Thank you for your time and efforts to help us get this cleared up and also let us know our rights on the legalities of what she did so we can take further action.

Jennifer L. Sypien
