ARTICLE III

Purpose(s)

U.S.A. Addicts Nomore is a Relapse Prevention and Support Organization. It has a two part structure. Its primary function will be to educate young people (Jr. High & High School) to the total reality of drugs. To let them be aware that the world of drugs has many illusions that can trap them into a cycle that has only three outcomes: jails, institutions and death. We want to focus on the reality and clarify some of the myths that society has taught to keep them enslaved in a world of unreachable dreams. It's a real tragedy that our young people look up to material things that the world of drugs has to offer, and we must educate them so that they can see the end result is really self-destruction.

It is my belief that through the message that U.S.A. Addicts Nomore will send, we will be able to start a new generation of people. A people who will see the real reality of the world of drugs and therefore free themselves from the fantasy. And send out a message to the world that we refuse to be used. We refuse to be addicts. We will be U.S.A. Addicts Nomore.

The second function will be to offer a wide range of assistance to recovering addicts and ex-convicts who wish and want to make a fresh start in life. I believe that if a person is given a fair chance at putting his life back together and is provided with the proper assistance and support, his or her chances of becoming a productive member of society will be enhanced. And thus giving that person a chance and opportunity to be a U.S.A. Addict Nomore.
