Description of Activities

a) The purpose & Nature

The organization is a charitable one, which will be focused on helping victims of different crimes. The organization will provide economical, physical and psychological support to its members. It will assist members who have been victims of any crime in finding appropriate legal and physical consultation. It will also help them contact the appropriate government agencies if needed.

b) Frequency and duration

The organization will establish a toll free number for members to call if the need arises and will provide assistance immediately. The board of directors will meet three times a year and all other urgent issues will be attended right away.

c) How, when, where and by whom

The board of directors will make all decision. Matters, which need immediate attention, will be presented to the board and will be discussed through teleconference and will be voted on. All the day to day activities will be handled by the Vice President until the organization have enough funds to hire someone to take care of it.

d) The amounts of any charges or fees, and the basis for the amount

The incorporator has paid the Initial start up cost for incorporation, filing for exempt status. The governing body will contribute any additional expense until the organization starts getting members. The membership fees will be \$50.00 per person per year. This fee will be increased if it is found to be necessary by the governing body. Also there will be fund raising programs after the organization starts signing members.

e) What the activity has or will accomplish

The organization is in a start up stage and there are no members yet, but the main activity will be offering assistance to members or member family who have legal, emotional or physical need due to being a victim of any crime.

f) The percentage of total time and resources used to carry out each activity

Initially all of the board of directors will spend 20% each of the total time (100%) to start the organization. After we raise enough funds, the time spent by each board member will be cut back to a minimum of 10% of their time. This will be due to the hiring of a director who will be running the organization and one or two staff members to assist. The board of directors then will be over seeing the activities of the hired directors and staff member(s).
