100 BLACKS IN LAW ENFORCEMENT WHO CARE

(FLORIDA)

****UNIFY & DIVERSIFY****

HISTORY:

100 Blacks was founded in 1995 by a group of concerned African-American Law Enforcement personnel. The number of those men and women who wanted to make a difference grew to 100 and beyond. These individuals all shared a sense of community, cultural and professional pride and a meaningful connection. Additionally, we all shared a sense of responsibility and unfulfilled desire to "give back" in some meaningful way to the African-American and other minority communities. Through skillful organization, administration and perseverance, 100 Blacks was born. In 1998, Richard Bailey was approached by Brother Clifton Hollingsworth (Communication and Correspondence) from the main New York office, in reference to plausibility of opening up a Chapter in Central Florida, based in Orlando. It was decided that there was a need for such a vital organization representing the State of Florida.

MISSION:

- Dedicated to the preservation, support and daily issues concerning the African-American and other minority Communities.
- Serve as a model organization for individuals and other professionals in our communities by striving for excellence and reaching out to the communities in which we serve with a special interest in our youth.
- Committed to bridging the gap and eliminating stereotypes between the minority community and Law Enforcement personnel.
- Seek the assistance, support and partnership of various churches and civic organization in the Central Florida area with similar objectives, which is the uplifting and empowering of the African-American and our minority communities.
- Work diligently with those who are economically challenged through fund raising efforts and non-refundable grants to worthy causes and organizations directly affecting the African-American and other minority communities.
- Provide beneficial programs such as scholarships, mentoring, emergency referrals for food, clothing, shelter, information on job training and placement, etc.
- Provide support and information to the African-American community so they too can realize their self worth and potential through knowledge, wisdom, understanding and empowerment.
- Vigorously challenge racism, sexism, and all of the debilitating "ism's" that retard the growth of the African-American community and our Country as a whole.
- We vow to never turn anyone away seeking help, regardless of race, if it is within our power to assist.
- To be a vanguard and assist the African-American and other minority communities in obtaining and maintaining the twelve jewels of life which are... Knowledge, wisdom, understanding, freedom, justice, equality, love, peace, happiness, food, clothing and shelter.

1999 GOALS & OBJECTIVES:

- Donations of \$1,000 given to worthy charities
- Establish a strong and trustworthy relationship with the African-American and minority communities
