To whom it may concern,

We were pleased receiving notification that we could pay our bill on-line by the Florida Department of State, Division of Corporations, therefore on 3/1/2002, I personally went to [www.Sunbiz.org](http://www.Sunbiz.org) and submitted the online electronic filing for document # P00000038326, including the amount of \$150 and our business credit card information. Since I didn't receive any error message or email, I assumed that the payment was entered and accepted by the Department of State. An entry was then entered in our accounting package for the \$150.00 bill payment. Please see the following attachment:

*Picture is separate page*

I was shocked when we recently recieved the second UBR, indicating that the first payment was not recieved and we were being assessed a \$400.00 fine.

My feelings are, that the only problem that could have occurred, was that the process was not completed and we were not notified. Possibly, there was a network/server failure that I was not made aware of. Why wasn't I notified at the time that my payment was being processed on your server?

As you can clearly see by our attachment, we followed your recommendations for an on-line payment. Do you feel that we should be penalized for an error that was out of our control? We Don't..... Please correct this error and let us know by return email what you now expect us to do. We can do an electronic bank transfere or send you a check for \$150.00.

*Respectfully,*

*Charles L. Schuerger*
