Dear Sir or Madam:

I have spoken to one of your personnel when I realized my UBR was going to be late. She had to me to write this letter explaining my circumstances and send the amount to you. She explained that your office was also backed up and you were excepting these with a letter of explanation.

This is the first year that I have been Incorporated and a lot is new to me. I had misplaced this document and didn't realize that the incorporation fees were on a yearly basis. I truly apologize for this oversight. Also, please understand that my company has made no money as of yet so far every dollar that has been put out has been by me personally. I am hopeful and positive that this New Year brings a turn around and my business, ideas, and dreams will come to life, as I will work hard for them.

I had nothing other than paperwork to file for my Federal taxes this year and thought that the paper work was over. I will be more organized and read more of what needs to be done on a monthly, quarterly, and yearly basis. Rest assured, this situation will not happen again. I have contracted an Accountant to help file through and understand what needs to be done.

I hope you take all of this into consideration and accept my \$150.00 to stay in business as a Corporation. We have more models now and are starting to get some work coming in. My current full time job is my only means of a stable income and I'm trying to do this all on my own. I am in the process of writing a business plan for the bank to hopefully get some working capital so these situations will not be an issue in the future. It took me a lot of scrimping to get this much together and I am truly sorry that I could not do it in the time frame allowed.

Sincerely,

Charles J. Ludwig
President
