PLANT MANAGER
TAMPA PROCESSING AND DISTRIBUTION CENTER

Dear Customer:

The enclosed mail was damaged while being handled by the U.S. Postal Service.

We realize our responsibility toward our customers in protecting each individual piece of mail. However, because of the millions of pieces of mail processed in our automated operations, incidents of this type do sometimes occur.

We trust that you will accept our sincere apologies. You may rest assured that a Dedicated effort is being made to improve our service and reduce the incidence of damage.

Sincerely,

Carl F. Downing Plant Manager

WEGARE

UNITED STATES POSTAL SERVICE P O BOX 39701 TAMPA, FL 33630-9701

## **DEAR POSTAL CUSTOMER**

The enclosed was found loose in the mail, unsealed, or has been damaged in handling in the Postal Service (whichever is applicable to the enclosure).

When a Post Office is responsible for handling in excess of 5 million pieces of mail daily, it is imperative that mechanical methods be used to maintain production and ensure timely delivery of the mails. Damage, however, may occur if mail is not sealed properly or bulky contents are enclosed. The faulty envelope may jam our machinery, causing damage to the faulty envelope and other properly prepared mail as well. We are constantly striving to improve our processing methods to reduce the incidence of damage; however, due to the large volume of mail processed, incidents of damage will occasionally occur.

If the enclosed was damaged during handling, we extend our sincere apologies for any inconvenience you may have experienced.
