To Whom it May Concern:

I am submitting our filing fees with these 2 UBR reports. I am submitting both of them in May of 2003. Because we have not received any notifications from your office, regarding incorporation status or renewal information, or UBR status of any kind, we are paying the filing fees alone a not including any late fees - as your message instructed us to do so. We would have gladly paid you on time, if we'd only been asked.

We actually own two businesses & both of which are incorporated, & neither of which we've received any notifications from your office, regarding renewal or incorporation status of any kind. This is our first year filing, so perhaps that's how we fell through the cracks somehow, as both incorporations are new to your system. But it was imperative that we hear from you, & have guidance from you, as this was our first time going through this process.

We incorporated in July of last year, and I've had every reason to believe that we were actually early in paying you, as we hadn't heard from you, & it's only May. We incorporated both businesses just last year, so perhaps somehow we've been misplaced in your files there, but we need someone to help us & make sure this does not happen again, with either business. The first business is Gulf Coast Lawn & Pest Management - Documentation # P02000034996

The second business is ProScape Pest Control Inc - Documentation # P02000074835.

UBR information & the like needs to be sent to:

406 S.E. 19th Street Cape Coral, Fl. 33990

This is the address you have on file - but again, we did not receive information regarding either business this year @ all. Please confirm receipt of this letter & confirmation of waived late fees - as we were not given an opportunity to pay you.

Thank you for your time & assistance in this matter.

Kindest Regards, Stephen Scott McCabe Smccabe@swfla.rr.com 239-940-3082
