Article III

Duration. The period of duration of this Corporation shall be perpetual, commencing on the date of execution and acknowledgment of these articles.

Article IV

Purpose. The purpose of this Corporation is to engage in any activities or businesses permitted under the laws of the United States and under the Florida Business Corporation Act.

Article V

The Corporation is authorized to issue two classes of stock to be designated, respectively, "common stock" and "preferred stock." The total number of shares that the Corporation is authorized to issue is 55,000,000 shares, of which (a) 35,607,424 shares shall be common stock (the "Common Stock") and (b) 19,392,576 shares shall be preferred stock. The preferred stock and Common Stock shall each have a par value of \$0.00001.

Of the Corporation's authorized preferred stock, 16,847,826 shares shall be designated as Series B Convertible Preferred Stock (the "Series B Preferred Stock") and 2,544,750 shares shall be designated as Series A Convertible Preferred Stock (the "Series A Preferred Stock" and together with the Series B Preferred Stock, the "Preferred Stock").

The designations, preferences, powers, qualifications and special or relative rights or privileges of the Common Stock and the Preferred Stock shall be as set forth below.

1. DIVIDEND RIGHTS.

- (a) **Series B Preferred Stock.** The holders of the Series B Preferred Stock shall be entitled to receive, in preference to the holders of any other shares of capital stock of the Corporation, including the Series A Preferred Stock and the Common Stock (together, the "Junior Stock"), out of funds legally available therefor, (i) cumulative cash dividends at a rate equal to eight percent (8%) per annum on the Series B Original Issue Price (as defined below), plus (ii) any and all dividends payable

on the Common Stock at a rate per share of the Series B Preferred Stock equal to the amount holders of the Series B Preferred Stock would be entitled to receive if they had converted the Series B Preferred Stock and had been holders of the Common Stock on the record date for payment of such dividend payable to holders of Common Stock. The "Series B Original Issue Price" shall mean \$0.46 per share as adjusted from time to time to reflect stock dividends, stock splits, recapitalizations and/or similar events that affects the number of issued and outstanding shares of Series B Preferred Stock. Except as otherwise provided herein, if at any time the Corporation pays less than the total amount of dividends then declared, accumulated or accrued but unpaid with respect to the Series B Preferred Stock, such payment shall be distributed ratably among the holders of Series B Preferred Stock based upon the aggregate number of shares of Series B Preferred Stock held by each such holder. Upon any conversion of shares of Series B Preferred Stock, all dividends declared, accumulated or accrued and then unpaid shall be taken into account.

- (b) Series A Preferred Stock. No dividends will be accrued on the Series A Preferred Stock, except that dividends will be payable at such time as dividends are paid on the Common Stock at a rate per share of Series A Preferred Stock equal to the amount holders would be entitled to receive if they had converted the Series A Preferred Stock and had been holders of Common Stock on the record date for payment of such dividend payable to holders of Common Stock.
- (c) Common Stock. After the payment or declaration and setting aside for payment of the full cumulative dividends for all prior and then current dividend periods on all outstanding shares of Preferred Stock heretofore required to be set aside with respect to the Preferred Stock, dividends on the Common Stock may be declared and paid, whether payable in cash, in property or in securities of the Corporation, but only when and as determined by the Board. The holders of Common Stock shall be entitled to share equally in and to receive such dividends in accordance with the number of shares of Common Stock held by each such holder.

2. VOTING RIGHTS.

- (a) Preferred Stock. Except as otherwise provided herein or as required by law, each holder of shares of Preferred Stock shall be entitled to the number of votes equal to the number of whole shares of Common Stock into which all shares of Preferred Stock held by such holder are then convertible in accordance with Sections 6 and 7 below with respect to any and all matters presented to the shareholders of the Corporation for their action or consideration. Except as otherwise

H06000050571 3

provided herein or as required by law, holders of Preferred Stock shall vote together with the holders of Common Stock as a single class on all actions to be taken by the shareholders of the Corporation.

- (b) Common Stock. Except as otherwise provided herein or as required by law, each holder of Common Stock shall be entitled to vote on all matters and shall be entitled to one vote for each share of Common Stock standing in such holder's name on the books of the Corporation.
- (c) Record Date. The number of shares of Preferred Stock or Common Stock are, as the case may be, entitled to vote on any matter shall be determined in each case as of the record date for the determination of shareholders entitled to vote on such matter or, if no such record date is established, at the date such vote is taken or any written consent of shareholders is solicited.

3. ELECTION OF DIRECTORS.

- (a) Series B Preferred Stock. The holders of a majority of the Series B Preferred Stock shall have the right to elect three directors to the Board (the "Series B Directors").
- (b) Common Stock. The holders of a majority of the outstanding Common Stock shall have the right to elect two directors to the Board, one of whom shall be the chief executive officer of the Corporation then in office.
- (c) Preferred Stock and Common Stock. The holders of a majority of the outstanding Common Stock and Preferred Stock (based upon an assumed conversion of the outstanding Series A Preferred Stock and the outstanding Series B Stock into Common Stock), voting together as a single class, shall have the right to elect two directors to the Board, each of whom shall be acceptable to the other directors then in office.

4. LIQUIDATION RIGHTS.

Upon any dissolution, liquidation or winding-up of the Corporation, whether voluntary or involuntary (a "*Liquidation Event*"), distributions to the shareholders of the Corporation shall be made in the following manner and order of priority:

- (a) First: Series B Preferred Stock Liquidation Preference. The holders of Series B Preferred Stock shall first receive, prior and in preference to any distribution of any of the assets of the Corporation to the holders of Junior Stock, an amount equal to (a) the Series B Original Issue Price *plus* (b) the amount of all declared, accumulated or accrued but unpaid dividends thereon. If the assets of the Corporation legally available for distribution under this Section 4(a) shall be insufficient to

permit the payment in full to such holders of the Series B Preferred Stock of the full aforesaid preferential amounts, then the entire assets of the Corporation legally available for distribution shall be distributed ratably among the holders of the Series B Preferred Stock in accordance with the aggregate liquidation preference (as set forth in this Section 4(a)) of the shares of the Series B Preferred Stock held by each of them.

- (b) Second: Series A Preferred Stock Liquidation Preference. After there shall have been paid to or set aside for the holders of all outstanding shares of Series B Preferred Stock, the full preferential amount to which they are respectively entitled to receive as set forth in Section 4(a), the holders of Series A Preferred Stock shall next receive, prior and in preference to any distribution of any of the assets of the Corporation to the holders of Common Stock, an amount equal to the Series A Original Issue Price (as defined herein). If the assets of the Corporation legally available for distribution under this Section 4(b) shall be insufficient to permit the payment in full to such holders of the Series A Preferred Stock of the full aforesaid preferential amounts, then the entire assets of the Corporation legally available for distribution shall be distributed ratably among the holders of the Series A Preferred Stock in accordance with the aggregate liquidation preference (as set forth in this Section 4(b)) of the shares of the Series A Preferred Stock held by each of them. The "Series A Original Issue Price" shall mean \$0.44 per share as adjusted from time to time to reflect stock dividends, stock splits, recapitalizations and/or similar events that affect the number of issued and outstanding shares of Series A Preferred Stock.
- (c) Third: General Liquidation Distributions. After there shall have been paid to or set aside for the holders of all outstanding shares of Series B Preferred Stock and Series A Preferred Stock the full amounts to which they are respectively entitled to receive as set forth in Sections 4(a) and (b), all the remaining assets of the Corporation will be available for distribution to its holders of Preferred Stock and Common Stock, pro rata based on the number of shares held by them (calculated as if the holders of Preferred Stock had converted the Preferred Stock and had been holders of Common Stock immediately prior to such dissolution, liquidation or winding-up of the Corporation).
- (d) Deemed Liquidation Events. For purposes of this Section 4, a Liquidation Event shall be deemed to be occasioned by, or to include, (A) a merger or consolidation of the Corporation with or into another entity which results in the holders of the voting securities of the Corporation outstanding immediately prior thereto directly owning immediately thereafter less than a majority of the voting securities of

H06000050571 3

the surviving entity outstanding immediately after such merger or consolidation; (B) a sale of all or substantially all of the assets of this Corporation (except to a wholly-owned subsidiary of the Corporation; or (C) the exclusive license of all or substantially all of the intellectual property assets of the Corporation (except to a wholly-owned subsidiary of the Corporation).

(e) Consideration Received. In any liquidation, dissolution, or winding-up of the Corporation, if the consideration received by the Corporation is other than cash or securities, its value will be deemed its fair market value as determined in good faith by the Board. Any securities shall be valued as follows:

(i) Securities not subject to an investment letter or other similar restrictions on free marketability covered by Section 4(e)(ii) below:

(1) If traded on a securities exchange or through the Nasdaq National or SmallCap Market, the value shall be deemed to be the average of the closing prices of the securities on such quotation system over the thirty-day period ending three days prior to the closing;

(2) If actively traded over-the-counter, the value shall be deemed to be the average of the closing bid or sale prices (whichever is applicable) over the 30-day period ending three days prior to the closing; and

(3) If there is no active public market, the value shall be the fair market value thereof, as determined in good faith by the Board.

(ii) The method of valuation of securities subject to an investment letter or other restrictions on free marketability (other than restrictions arising solely by virtue of a shareholder's status as an affiliate or former affiliate) shall be to make an appropriate discount from the market value determined as above in Section 4(e)(i)(1), (2), or (3) to reflect the approximate fair market value thereof, as determined in good faith by the Board.

5. REDEMPTION.

(a) At any time on or after February 24 2011, the Corporation will, subject to the conditions set forth below, upon receipt of a written request (a "Redemption Request") for redemption from holders of at least sixty six and two thirds percent (66 2/3%) of the Series B Preferred Stock then issued and outstanding redeem from each holder of Series B Preferred Stock all Series B Preferred Stock then held by each such

holder, at a price per share equal to the sum of (A) the Series B Original Issue Price, *plus* (B) the per share amount of any and all dividends declared, accumulated or accrued but unpaid thereon through the payment date (the "*Redemption Price*"). Upon receipt of the Redemption Request, the Company shall establish an initial redemption date (the "*Initial Redemption Date*"), which shall be no more than thirty days following the date of the Redemption Request. The Redemption Price shall be paid, and each holder's Series B Preferred Stock shall be redeemed, in three equal annual installments on each of the Initial Redemption Date and the first and second anniversary thereof (each a "*Redemption Date*").

- (b) If the funds of the Corporation legally available for redemption of Series B Preferred Stock on any Redemption Date are insufficient to redeem all of the number of shares of Series B Preferred Stock required under this Section 5 to be redeemed on such date, those funds which are legally available will be used to redeem the maximum possible number of such shares of Series B Preferred Stock ratably on the basis of the number of shares of Series B Preferred Stock which would be redeemed on such date if the funds of the Corporation legally available therefor had been sufficient to redeem all shares of Series B Preferred Stock required to be redeemed on such date. At any time thereafter when additional funds of the Corporation become legally available for the redemption of Series B Preferred Stock, such funds will be used, at the end of the next succeeding fiscal quarter, to redeem the balance of the shares which the Corporation was theretofore obligated to redeem, ratably on the basis set forth in the preceding sentence.
- (c) The Corporation shall provide notice of its receipt of a Redemption Request, specifying the time, manner and place of redemption, the certificate representing the Series B Preferred Stock being redeemed, and the Redemption Price (a "*Redemption Notice*"), by first class or registered mail, postage prepaid, to each holder of record of the Series B Preferred Stock, at the address for such holders last shown on the records of the transfer agent therefor (or the records of the Corporation, if it serves as its own transfer agent), not less than twenty days prior to the applicable Redemption Date. Each holder of Series B Preferred Stock shall surrender to the Corporation on the applicable Redemption Date the certificate(s) representing the shares to be redeemed on such date, in the manner and at the place designated in the Redemption Notice.
- (d) Unless there shall have been a default in payment of the applicable Redemption Price, no share of Series B Preferred Stock shall be entitled to any dividends declared, accumulated or accrued after its Redemption Date, and on such Redemption Date all rights of the

holder of such share as a stockholder of the Corporation by reason of the ownership of such share will cease, except the right to receive the applicable Series B Redemption Price of such share, without interest, upon presentation and surrender of the certificate representing such share, and such share will not from and after such Redemption Date be deemed to be outstanding.

- (e) If the Redemption Notice shall have been duly given, and if on the applicable Redemption Date, the Redemption Price payable upon redemption of the shares of Series B Preferred Stock to be redeemed on such Redemption Date is paid or tendered for payment or deposited with an independent payment agent so as to be available therefore, then notwithstanding that the certificates evidencing any of the shares of Series B Preferred Stock so called for redemption shall not have been surrendered, dividends and all rights with respect to such shares shall, after the Redemption Date, terminate, except the right of the holders to receive the Redemption Price without interest upon surrender of their certificate or certificates therefore.
- (f) The Common Stock and Series A Preferred Stock shall not be redeemable. No appraiser shall have the power to expand, modify or delete any of the procedures set forth herein.

6. OPTIONAL CONVERSION.

The holders of Preferred Stock shall have conversion rights as follows:

- (a) Right to Convert. Each share of Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, into such number of fully paid and nonassessable shares of Common Stock as is determined by dividing the Preferred Original Issue Price (as defined below) by the Conversion Price (as defined below) in effect at the time of conversion. The "Preferred Original Issue Price" shall be (x) the Series A Original Issue Price per share for the Series A Preferred Stock and (y) the Series B Original Issue Price plus the per share amount of any and all dividends declared, accumulated or accrued but unpaid thereon per share for the Series B Preferred Stock. The initial "Conversion Price" shall be the Series A Original Issue Price per share for the Series A Preferred Stock and the Series B Original Issue Price per share for the Series B Preferred Stock. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

In the event of a Redemption Notice, the conversion rights of the shares designated for redemption shall terminate at the close of business on the third full day preceding the date fixed for redemption,

H06000050571 3

unless the redemption price is not paid when due, in which case the conversion rights for such shares shall continue until such price is paid in full. In the event of a Liquidation Event (or a transaction deemed to be a Liquidation Event pursuant to Section 4(d) of Article V), the conversion rights (but not the holders' rights to distributions on an "as converted basis" under Section 4(c) of Article V) shall terminate at the close of business on the first full day immediately preceding the date fixed for the payment of any amounts distributable in such Liquidation Event (or a transaction deemed to be a Liquidation Event pursuant to Section 4(d) of Article V) to the holders of Preferred Stock.

(b) Fractional Shares. No fractional shares of Common Stock shall be issued upon conversion of the Preferred Stock. In lieu of any fractional shares to which the holder would otherwise be entitled, the Corporation shall pay to such holder an amount in cash equal to such fraction multiplied by the then effective Conversion Price.

(c) Mechanics of Conversion.

(i) If a holder of Preferred Stock elects to convert shares of Preferred Stock into shares of Common Stock pursuant to subsection (a) above, such holder shall surrender the certificates or certificates for such shares of Preferred Stock at the principal office of the Corporation together with written notice that such holder elects to convert all or any number of the shares of the Preferred Stock *represented by such certificate or certificates*. Such notice shall state such holder's name or the names of the nominees in which such holder wishes the certificate or certificates for shares of Common Stock to be issued and the effective date of the conversion (the "*Conversion Date*"), which may be any date within the 60-day period following the date on which such notice is received by the Corporation. If required by the Corporation, certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or such holder's attorney duly authorized in writing. The converting holder shall be deemed to be the record holder of the resulting shares of Common Stock on the Conversion Date and the Corporation shall, as soon as practicable after the Conversion Date (and in any event within three business days), issue and deliver at such office of such holder of Preferred Stock, or to such holder's nominees, a certificate or certificates for the number of shares of Common Stock to which such holder shall be entitled, together with payment in lieu of any fraction of a share pursuant to Section 6(b) above.

H06000050571 3

- (ii) The Corporation shall at all times when the Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued stock, for the purpose of effecting the conversion of the Preferred Stock, such number of its duly authorized shares of Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding Preferred Stock. Before taking any action which would cause an adjustment reducing the Conversion Price below the then par value of the shares of Common Stock issuable upon conversion of the Preferred Stock, the Corporation will, to the extent permitted by applicable law, take any corporate action which may, in the opinion of its counsel, be necessary in order that the Corporation may validly and legally issue fully paid and nonassessable shares of Common Stock at such adjusted Conversion Price.
- (iii) On the Conversion Date, all shares of Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares, including the rights, if any, to receive notices and to vote, shall immediately cease and terminate, except only the right of the holders thereof to receive shares of Common Stock in exchange therefor and payment of any dividends declared, accumulated or accrued but unpaid thereon. Any shares of Preferred Stock so converted shall be retired and cancelled and shall not be reissued, and the Corporation (without the need for stockholder action) may from thereafter take such appropriate action as may be necessary to reduce the authorized Preferred Stock accordingly.
- (iv) The Corporation shall pay any and all issue and other taxes (other than taxes based on income) that may be payable in respect of any issuance or delivery of shares of Common Stock upon conversion of shares of Preferred Stock pursuant to this Section 6. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of shares of Common Stock in a name other than that in which the shares of Preferred Stock so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Corporation the amount of any such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.
- (d) Adjustment for Dilution. If at any time after the date of the filing of this Second Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Florida (the "Filing Date"), the Corporation shall issue any shares of Common Stock, or shall issue any Common Stock Equivalents (as hereinafter defined), for a

H06000050571 3

consideration per share less than the Conversion Price in effect immediately prior to the issuance of such Common Stock or Common Stock Equivalents, the Conversion Price of such share of Preferred Stock in effect immediately prior to each such issuance shall be decreased to the amount determined in accordance with the following formula:

$$\text{New Conversion Price} = \frac{(P1 \times Q1) + (P2 \times Q2)}{Q1 + Q2}$$

For purposes of the foregoing formula:

P1 = Conversion Price in effect immediately prior to such issuance.

Q1 = Number of shares of Common Stock deemed outstanding (in accordance with subparagraph (vi) below) immediately prior to such issuance.

P2 = The per share consideration received by the Corporation upon such issuance (determined in accordance with subparagraphs (iii) and (vi) below).

Q2 = The aggregate maximum number of shares of Common Stock deliverable upon exercise or conversion of the Common Stock Equivalents issued or sold.

For purpose of any adjustment of the Conversion Price pursuant to this Section 6(d), the following provisions shall be applicable:

- (i) "Common Stock Equivalents" means any stock or security convertible into or exercisable or exchangeable for Common Stock and any right, warrant or option to acquire Common Stock or any such convertible, exercisable or exchangeable security.
- (ii) The per share consideration for the sale or issuance of Common Stock shall be the price per share received by the Corporation before payment of commissions, discounts and other expenses. The value of any non-cash consideration received or receivable upon the sale or issuance of Common Stock or Common Stock Equivalents shall be determined in good faith by the Board.
- (iii) In the case of the sale or issuance of Common Stock Equivalents, the per share consideration shall be determined by dividing the maximum number of shares of Common Stock issuable with respect to such Common Stock Equivalents into the aggregate consideration received by the Corporation upon the sale or

H06000050571 3

issuance of such Common Stock Equivalents plus the minimum aggregate amount of any additional consideration receivable by the Corporation upon the conversion or exercise of such Common Stock Equivalents. For the purpose of calculation, such maximum number of shares shall be assumed to be issued on the earlier of the payment date or record date for a distribution of such Common Stock Equivalents.

- (iv) If any Common Stock Equivalents included in adjustments under this Section 6(d) expire or terminate without the Common Stock to which they related having been issued, the Conversion Price shall be readjusted to eliminate the effect of the assumed issuance of such Common Stock. If any Common Stock Equivalents by their terms provide for subsequent increases in the additional consideration payable for or are amended to provide for the related Common Stock or for subsequent decreases in the number of shares of Common Stock obtainable, then, upon any such increase or decrease, the Conversion Price shall be appropriately readjusted to the extent such Common Stock Equivalents have not then expired or been exercised or converted. The aggregate increase in the Conversion Price caused by all such readjustments shall not exceed the decrease in Conversion Price made upon the issuance of the Common Stock Equivalents to which such readjustments relates. If any Common Stock Equivalents by their terms provide for or are amended to provide for subsequent decreases in the additional consideration payable for the related Common Stock or for subsequent increases in the number of shares of Common Stock obtainable, then, upon any such decrease or increase, the Conversion Price shall be appropriately adjusted to the extent such Common Stock Equivalents have not then expired or been exercised or converted.
- (v) In case the Corporation shall declare a dividend or make any other distribution upon any stock of the Corporation payable in Common Stock or Common Stock Equivalents, such Common Stock or Common Stock Equivalents shall be deemed to have been issued or sold without consideration as of the earlier of the related record or payment date.
- (vi) The number of shares of Common Stock outstanding at any point in time shall include all shares then issuable or to become issuable pursuant to any Common Stock Equivalent then issued or to be issued, but only to the extent the then effective exercise price or conversion price of such Common Stock Equivalent is less than or equal to the per share consideration for the shares of Common Stock or Common Stock Equivalents which have given rise to the Conversion Price adjustment being calculated.

- (vii) The following issuances of Common Stock or Common Stock Equivalents shall not require adjustment of the Conversion Price under this Section 6(d): (1) any dividend or distribution on the Series B Preferred Stock; (2) any stock for which adjustment of the Conversion Price is made pursuant to Sections 6(e), 6(f), 6(g) or 6(h) below; (3) securities offered by the Corporation to the public in a Qualified Public Offering (as defined in Section 7(a) below); (4) securities issued or securities issuable upon the exercise or conversion of such securities to employees, consultants, directors of the Company pursuant to stock purchase, stock option plans or other agreement approved by the Board, including at least two of the Series B Directors; (5) securities issued or securities issuable upon the exercise or conversion of such securities pursuant to any equipment loan or leasing arrangement, real property leasing arrangement or debt financing from a bank or similar financial institution approved by the Board, including at least two of the Series B Directors; and (6) shares issued with respect to which the holders of not less than sixty six and two-thirds percent ($66\frac{2}{3}\%$) of the Series B Preferred Stock waive their rights pursuant to this Section 6.
- (e) Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Filing Date effect a subdivision of the outstanding Common Stock, the Conversion Price then in effect immediately before that subdivision shall be proportionately decreased. If the Corporation shall at any time or from time to time after the Filing Date effect a subdivision of the Preferred Stock, the Conversion Price with respect to the Preferred Stock then in effect immediately before that subdivision shall be proportionately increased. If the Corporation shall at any time or from time to time after the Filing Date combine the outstanding shares of Common Stock, the Conversion Price then in effect immediately before the combination shall be proportionately increased. If the Corporation shall at any time or from time to time after the Filing Date combine the outstanding shares of Preferred Stock, the Conversion Price with respect to the Preferred Stock then in effect immediately before the combination shall be proportionately decreased. Any adjustment under this paragraph shall become effective at the close of business on the date the subdivision or combination becomes effective.
- (f) Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time, or from time to time after the Filing Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in additional shares of Common Stock, then and in each such event the Conversion Price for the Preferred Stock then in effect shall be decreased as of the time of such issuance or, in the

H06000050571 3

event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Conversion Price then in effect by a fraction:

- (1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and
- (2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution;

provided, however, if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Price for the Preferred Stock shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price for the Preferred Stock shall be adjusted pursuant to this paragraph as of the time of actual payment of such dividends or distributions; and provided further, however, that no such adjustment shall be made if the holders of Preferred Stock simultaneously receive (i) a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event or (ii) a dividend or other distribution of securities which are convertible, as of the date of such event, into such number of shares of Common Stock as is equal to the number of additional shares of Common Stock being issued with respect to each share of Common Stock in such dividend or distribution.

- (g) Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Filing Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation other than shares of Common Stock, then and in each such event provision shall be made so that the holders of the Preferred Stock shall receive upon conversion thereof in addition to the number of shares of Common Stock receivable thereupon, the amount of securities of the Corporation that they would have received had the Preferred Stock been converted into Common Stock on the date of such event and had they thereafter, during the period from the date of such event to and including the conversion date, retained such securities receivable by them as aforesaid during

H06000050571 3

such period, giving application to all adjustments called for during such period under this paragraph with respect to the rights of the holders of the Preferred Stock; and provided further, however, that no such adjustment shall be made if the holders of Preferred Stock simultaneously receive a dividend or other distribution of such securities in an amount equal to the amount of such securities as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

- (h) Adjustment for Reclassification, Exchange, or Substitution. If the Common Stock issuable upon the conversion of the Preferred Stock shall be changed into the same or a different number of shares of any class or classes of stock, whether by capital reorganization, reclassification, or otherwise (other than a subdivision or combination of shares or stock dividend provided for above, or a reorganization, merger, consolidation, or sale of assets provided for below), then and in each such event the holder of each such share of Preferred Stock shall have the right thereafter to convert such share into the kind and amount of shares of stock and other securities and property receivable upon such reorganization, reclassification, or other change by holders of the number of shares of Common Stock into which such shares of Preferred Stock might have been converted immediately prior to such reorganization, reclassification, or change, all subject to further adjustment as provided herein.
- (i) Adjustment for Merger or Reorganization. In case of any consolidation or merger of the Corporation with or into another corporation or the sale of all or substantially all of the assets of the Corporation to another corporation each share of Preferred Stock shall thereafter be convertible (or shall be converted into a security which shall be convertible) into the kind and amount of shares of stock or other securities or property to which a holder of the number of shares of Common Stock of the Corporation deliverable upon conversion of such Preferred Stock would have been entitled upon such consolidation, merger or sale; and, in such case, appropriate adjustment (as determined in good faith by the Board) shall be made in the application of the provisions in this Section 6 set forth with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 6 (including provisions with respect to changes in and other adjustments of the Conversion Price) shall thereafter be applicable, as nearly as reasonably may be, in relation to any shares of stock or other property thereafter deliverable upon the conversion of the Preferred Stock.
- (j) No Impairment. The Corporation will not, by amendment of its Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or

any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Corporation, but will at all times in good faith assist in the carrying out of all the provisions of this Section 6 and in the taking of all such action as may be necessary or appropriate in order to protect the rights of the holders of the Preferred Stock pursuant to this Section 6 against impairment.

- (k) Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price pursuant to this Section 6 the Corporation at its expense shall promptly compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Preferred Stock a certificate setting forth such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, upon the written request at any time (but not more than twice in any 12 month period) of any holder of shares representing at least 5% of the authorized number of shares of Preferred Stock, furnish or cause to be furnished to such holder a similar certificate setting forth (i) such adjustments and readjustments, (ii) the Conversion Price then in effect, and (iii) the number of shares of Common Stock and the amount, if any, of other property which then would be received upon the conversion of Preferred Stock.

- (l) Taxes. The issuance of certificates representing shares of Common Stock upon conversion of any Preferred Stock shall be made to each applicable shareholder without charge for any excise tax in respect of such issuance. However, if any certificate is to be issued in a name other than that of the holder of record of the Preferred Stock, the person or persons requesting the issuance thereof shall pay to the Corporation the amount of any tax which may be payable in respect of any transfer involved in such issuance, or shall establish to the satisfaction of the Corporation that such tax has been paid or is not due and payable.

7. MANDATORY CONVERSION.

- (a) Upon either (i) the closing of the sale by the Corporation of shares of Common Stock in a firm commitment, underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, through a firm acceptable to the Board at a price per share of Common Stock equal to at least \$2.30 (as adjusted from time to time to reflect stock dividends, stock splits, recapitalizations and/or similar events that affects the number of issued and outstanding shares of Common Stock) and resulting in at least \$20,000,000 of gross proceeds to the Corporation (before deducting underwriting discounts and commissions and offering expenses) (a "Qualified

Public Offering") or (ii) date of the affirmative vote or written consent of the holders of not less than sixty six and two-thirds percent (66 2/3%) of the outstanding shares of the Preferred Stock voting together as one class ((i) or (ii), the "Mandatory Conversion Date"), all outstanding shares of Preferred Stock shall be converted into shares of Common Stock at the then effective Conversion Price.

- (b) Upon the occurrence of any event specified in subsection (a)(i) or (a)(ii) above, the outstanding shares of Preferred Stock shall be converted automatically without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; provided, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Preferred Stock are either delivered to the Corporation or its transfer agent as provided below, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Upon the occurrence of such automatic conversion of the Preferred Stock, the holders of such Preferred Stock shall surrender the certificates representing such shares at the office of the Corporation or any transfer agent for the Preferred Stock. Thereupon, there shall be issued and delivered to such holder promptly at such office and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which the shares of such Preferred Stock surrendered were convertible on the date on which such automatic conversion occurred.
- (c) All certificates evidencing shares of Preferred Stock which are required to be surrendered for conversion in accordance with the provisions of this Section 7 shall, from and after the Mandatory Conversion Date, be deemed to have been retired and cancelled and the shares of Preferred Stock represented thereby converted into Common Stock for all purposes, notwithstanding the failure of the holder or holders thereof to surrender such certificates on or prior to such date. The Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized Preferred Stock accordingly.
