Amend.

12/28/07

December 28, 2007

To whom it may concern:

11/26 - I submitted a request to re-instate D.T. International Systems, Inc. After we decided not to go through with the corporation I immediately called the State to cancel the request. I was told that it had not been processed but it would be impossible to find since the State large amounts of request a day and then I was asked to call back the next day.

11/27 - I then called and spoke with a representative in the processing department who then stated that they are not responsible for refunds because they weren't notified of the cancellation. I was transferred to the Refund department, whom repeatedly assured me it was no problem. I asked since the bank hadn't cashed the check should I place a stop payment the Rep. Said it would be no problem we will refund the money (1,200.00)

11/29 - I faxed a copy of the PAID check front and back to update the Refund dept of the status. I received a call stating because I paid by check it still takes up to 30 days to be refunded.

12/27 - I received a voice message stating the State will be unable to process the refund. The cancellations of this corporation was not due to any property purchase, property sale nor corporation verification it was a change of plan.
