Statement of Fact

I attest that I was never an officer of Indrio Gym and Fitness Center, Inc. I was a paid employee in a position of customer service. I had no access to bank accounts or the authority to write company checks to pay the bills. I was not responsible for the company's tax filings or records at any time. Bob Hizycki was solely responsible for financial matters of the company during the time of my employment with Indrio Gym and Fitness Center.

I attest that I was not notified by the Company, its agents or otherwise, that Annual Reports were filed with the Florida Division of Corporations which identified me as DP of the Company. I did not consent or agree to be identified as a DP of the Company at any time. The annual reports are false.
