By way of this letter I need to inform you about a discrepancy I've found in your website in regards to the public information for a corporation names "DELICIAS DOMINICANAS PARTY SUPPLIES, INC".

This business shows an address of 10780 West Flagler Street in Miami, Florida 33174 and a board of directors that is as follows:

Natalia Garcia (President)  
Arlizss Suarez (Vice President)  
Jorge Mauricio Montalvo (Secretary)

I, Jorge M Montalvo have no connection nor function to this business. I have never signed a document taking part as a member for this company. This corporation has wrongfully added my name without my consent and forged my New York address for a Florida address.

I tried to resolve this matter with your office two years ago and thought it was resolved but evidently, it hasn't been addressed properly.

Please I need this to be taken care off immediately.

If your office has any questions regarding this matter do not hesitate to contact me. You can do so at my cell phone (516)728-5475
