TALLAHASSEE, FLORIDA

**AMENDED AND RESTATED  
ARTICLES OF INCORPORATION  
OF  
GRAND INVESTIGATIVE SERVICES CORPORATION**

Grand Investigative Services Corporation, a Florida corporation organized and existing under the Florida Business Corporation Act, Chapter 607 of the Florida Statutes, hereby certifies as follows:

A. The Corporation, pursuant to Section 607.1007 of the Act, hereby adopts these Amended and Restated Articles of Incorporation (the "Restated Articles") which accurately restate **and** integrate the articles of incorporation filed on August 20, 2004 and all amendments thereto.

B. The Restated Articles, including all amendments contained herein, were duly adopted by the Corporation's Board of Directors and majority shareholders by written consent dated February 1, 2009.

C. The original Articles of incorporation and all amendments and supplements thereto are hereby superseded by these Amended and Restated Articles, which are as follows:

**ARTICLE I  
NAME**

The name of the Corporation is: **GRAND INVESTIGATIVE SERVICES CORPORATION** (the "Corporation").

**ARTICLE II  
PRINCIPAL OFFICE AND MAILING ADDRESS**

The address of the Corporation's principal office and mailing address is: 5039 Central Avenue, St. Petersburg, Florida 33710.

**ARTICLE III  
PURPOSE**

The nature of the business to be conducted or promoted and the purposes of the Corporation are to engage in any lawful act or activity for which corporations may be organized under the Business Corporation Act of Florida. In furtherance of its corporation purposes, the

Corporation shall have all of the general and specific powers and rights granted to and conferred on a corporation by the Business Corporation Act of Florida.

#### **ARTICLE IV** **CAPITAL STOCK**

**A Authorized Shares.** The total number of shares of capital stock of all classes that the Corporation has the authority to issue is Ten Million (10,000,000) shares, of which (i) Five Million Seven Hundred Fifty Thousand (5,750,000) shares, at a par value of \$.00001 per share, shall be designated as "**Class A Common Stock**"; (ii) Two Million Two Hundred Fifty Thousand (2,250,000) shares, at a par value of \$.00001 per share, shall be designated as "**Class B Common Stock**"; and (iii) Two Million (2,000,000) shares, at a par value of \$.00001 per share, shall be designated as "**Series A Preferred Stock**".

**B. Class A and Class B Common Stock.** All shares of Class A Common Stock and Class B Common Stock shall be identical in every respect except that with respect to voting rights each holder of Class A Common Stock shall have one (1) vote with respect to each share of stock held of record on the books of the Corporation on all matters voted upon the shareholders and each holder of Class B Common Stock shall have four (4) votes with respect to each share of stock held of record on the books of the Corporation on all matters voted upon the shareholders.

**C Series A Convertible Preferred.** The designations, preferences, privileges and powers and relative, participating, optional or other special rights and qualifications, limitations or restrictions of the Series A Preferred Stock shall be as follows:

1. **Voting Rights.** Except as otherwise required by the Florida Business Corporation Act or provided in these Articles of Incorporation, the shares of Series A Preferred Stock shall be voted together with the shares of the Class A Common Stock and the Class B Common Stock without distinction as to class or series at each annual or special meeting of stockholders of the Corporation, and may be acted upon by written consent in the same manner as the Class A Common Stock and Class B Common Stock, upon the following basis: each holder of a share of Series A Preferred Stock will be entitled to one (1) vote for each share of Series A Preferred Stock. Such determination shall be made with (i) respect to a meeting of the shareholders of the Corporation on the record date fixed for meeting, or (ii) with respect to a written consent of the shareholders of the Corporation, on the effective date of such written consent.

2. **Dividend Rights.**

(a) Each issued and outstanding share of Series A Preferred Stock shall entitle the holder of record thereof to receive dividends thereon (paid either in cash or, at the Corporation's sole discretion as evidenced by the written consent of a majority of the members of the Board of Directors, in shares of Common Stock (including fractional shares) (valued at a price per share equal to the fair market value of the shares as determined in

good faith by the Corporation's Board of Directors), at the annual rate of Eight Percent (8%) of the Series B original purchase price of \$1.00 per share (the "**Series A Original Purchase Price**"). The dividends shall be cumulative and shall not be compounded. Dividends shall accrue regardless of whether the Board of Directors has declared a dividend payment or whether there are any profits, surplus or other funds of the Corporation legally available for dividends. Any dividends which accrue pursuant to this Article IV.C.2(a) and which are not paid shall be classified as "accumulated dividends" and shall remain "accumulated and unpaid dividends" until paid or otherwise canceled pursuant to the Articles of Incorporation. Notwithstanding the foregoing, in no event shall any dividends be paid in the case of Series A Preferred Stock unless, at the time such dividends are paid, there are assets legally available for payment of such dividends.

(b) No dividends or other distributions shall be paid on any Common Stock or other equity securities (other than securities senior to the Series A Preferred Stock) of the Corporation while any dividends on the Series A Preferred Stock remain accumulated and unpaid. No dividends or other distributions shall be declared or paid on any Common Stock unless a dividend or distribution is declared and paid with respect to all outstanding shares of Series A Preferred Stock at the same time as such dividends or distributions are paid on the Common Stock in an amount for each such share of Series A Preferred Stock equal to the amount of such dividends or distributions that would be payable on such number of shares of Common Stock into which such shares of Series A Preferred Stock are convertible on the record date fixed for such dividends or distributions.

(c) In the event that the Corporation shall declare a distribution (other than any distribution described in Article IV.D.3) payable in securities of other persons, evidences of indebtedness issued by the Corporation or other persons, assets (excluding cash dividends) or options or rights to purchase any such securities or evidences of indebtedness, then, in each case the holders of the Series A Preferred Stock shall be entitled to a proportionate share of any such distribution as though the holders of the Series A Preferred Stock were holders of the number of shares of Common Stock of the Corporation into which their shares of Series A Preferred Stock are convertible as of the record date fixed for the determination of the holders of Common Stock of the Corporation entitled to receive such distribution.

### **3. Preferences on Liquidation, Dissolution, etc.**

#### **(a) Liquidation Preference.**

(i) Upon any dissolution, liquidation, or winding up of the Corporation, whether voluntary or involuntary, after payment of all amounts owing to holders of any capital stock ranking senior to the Series A Preferred Stock, the holders of outstanding shares of Series A Preferred Stock will be entitled to receive, out of the assets of the Corporation remaining after all of the Corporation's debts and liabilities have been paid or otherwise provided for, but before any payments have been made to the holders of Common Stock or any other class or series of capital stock of the Corporation ranking junior in preference to the Series A Preferred Stock, (i) an amount equal to the Series A Original Purchase Price for each share of Series A Preferred Stock then held by them, plus (ii) an

amount equal to all accrued but unpaid dividends on such shares of Series A Preferred Stock, shall be distributed ratably to the holders of the Series A Preferred Stock (the "**Series A Liquidation Preference**"). If upon any such dissolution, liquidation, or winding up of the affairs of the Corporation, whether voluntary or involuntary, the assets of the Corporation available to be distributed as aforesaid among the holders of the Series A Preferred Stock shall be insufficient to permit the payment in full to them of the Series A Liquidation Preference, then the entire assets of the Corporation so to be distributed shall be distributed ratably based upon the Series A Liquidation Preference among such holders of the Preferred Stock.

(ii) After payment has been made in full of the Series A Liquidation Preference, all remaining assets of the Corporation available for distribution shall be distributed ratably to the holders of the Class A Common Stock and the Class B Common Stock.

(b) Assets other than Cash. If assets other than cash are to be distributed to any holders of Preferred Stock or Common Stock pursuant to Article IV.D.3(a) hereof, the amount received by such holders upon receipt of those assets shall be deemed to be the fair market value of such assets as determined in good faith by the Board of Directors of the Corporation in accordance with sound financial practice. If shares of stock or other securities are distributed to any holders of Series A Preferred Stock or Common Stock pursuant to Article IV.D.3(a) hereof, the fair market value shall mean per share or unit of such security, at any date, the average of the daily market prices for the twenty (20) trading business days ending on the second trading day immediately preceding the date of distribution. The market price for each such business day shall be the last sales price on such day as reported on the consolidated transaction reporting system for the principal securities exchange on which the shares of stock or other securities being distributed is then listed or admitted to trading (or, if applicable, the last sale price reported by the National Association of Securities Dealers Automated Quotation Service ("**NASDAQ**") National Market System), or, if no sale takes place on such day on any such exchange or no such sale is quoted on such system, the average of the closing bid and asked prices on such day as so reported, or, if such securities are not then listed or admitted to trading on any stock exchange, the market price for each such business day shall be the average of the reported closing bid and asked prices on such day in the over-the-counter market, as reported by NASDAQ. If no market prices are reported, then the market price shall be the fair market value as determined in good faith by the Board of Directors. If such securities are subject to an agreement or other restriction limiting their free marketability, the loss of that marketability shall be considered by the Board of Directors in making its determination of fair market value.

(c) Deemed Liquidations. At the option of the holders of Series A Preferred Stock, a consolidation, merger or reorganization of the Corporation with or into any other corporation or corporations in which the shareholders of the Corporation shall own less than fifty percent (50%) (calculated on an as converted basis, fully diluted) of the voting securities of the surviving corporation or any transaction or series of related transactions in which in excess of fifty percent (50%) of the Corporation's voting power is transferred or the sale, transfer or lease of substantially all of the assets of the Corporation shall be deemed a liquidation, dissolution or winding up within the meaning of this Article IV.D.3. The provisions

of this Article IV.D.3 shall not apply to any reorganization, merger or consolidation involving (1) only a change in the state of incorporation of the Corporation, (2) a merger of the Corporation with or into a wholly-owned subsidiary of the Corporation which is incorporated in the United States of America, (3) a merger of the Corporation with or into an entity, substantially all of the outstanding equity securities (or equity-linked securities) of which are owned by then current holders of the Class A Common Stock, Class B Common Stock and Series A Preferred Stock or their affiliates or (4) any transaction for the purpose of the Corporation becoming a public company.

**4. Conversion Rights.** Conversion of the Series A Preferred Stock into shares of Common Stock shall be subject to the following provisions:

(a) Optional Conversion. Subject to and in compliance with the provisions of this Article IV.D.4, any share of Series A Preferred Stock, at the option of the holder, may be converted at any time into fully-paid and non-assessable shares of Class A Common Stock. The number of shares of Class A Common Stock to which a holder of Series A Preferred Stock shall be entitled upon conversion shall be the product obtained by multiplying the Series A Conversion Rate (as defined below) then in effect (determined as provided in Article IV.D.4(b)) by the number of shares of Series A Preferred Stock being converted. No dividends on the shares of Series A Preferred Stock shall be considered in calculating the number of shares of Class A Common Stock to which a holder of Series A Preferred Stock shall be entitled upon conversion under this Article IV.D.4(a).

(a) Conversion Rates. The conversion rate in effect at any time for conversion of the Series A Preferred Stock (the "**Series A Conversion Rate**") shall be the quotient obtained by dividing (i) the Series A original purchase price of \$1.00 per share (the "**Series A Original Purchase Price**") by (ii) the Series A Applicable Conversion Price, calculated as provided in Article IV.D.4(c). No dividends on the shares of Series A Preferred Stock shall be considered in calculating the number of shares of Class A Common Stock to which a holder of Series A Preferred Stock shall be entitled upon conversion under this Article IV.D.4(b). The initial Series A Conversion Rate shall be one share of Class A Common Stock for one share of Series A Preferred Stock. The Series A Conversion Rate shall only be adjusted in accordance with Articles IV.D.4(e), (f), (g), (h), (i) or (j).

(c) Applicable Conversion Prices. The Series A Applicable Conversion Price initially shall be the Series A Original Purchase Price (the "**Series A Applicable Conversion Price**"). The initial Series A Applicable Conversion Prices shall be adjusted from time to time in accordance with this Article IV.D.4. All references to a Series A Applicable Conversion Price herein shall mean the Series A Applicable Conversion Price as so adjusted.

(d) Mechanics of Conversion. Each holder of Series A Preferred Stock who wishes to convert the same into shares of Class A Common Stock pursuant to this Article IV.D.4 shall surrender the certificate or certificates therefor, duly endorsed, at the office of the Corporation or any transfer agent for the Series A Preferred Stock, and shall give written notice to the Corporation at such office that such holder elects to convert the same. Such notice shall state the number of shares of Series A Preferred Stock being converted.

Thereupon, the Corporation promptly shall issue and deliver at such office to such holder a certificate or certificates for the number of shares of Class A Common Stock to which such holder is entitled. Such conversion shall be deemed to have been made at the close of business on the date of such surrender of the certificates representing the shares of Series A Preferred Stock to be converted, and the person entitled to receive the shares of Class A Common Stock issuable upon such conversion shall be treated for all purposes as the record holder of such shares of Class A Common Stock on such date. Upon conversion of only a portion of the number of shares of Series A Preferred Stock represented by a certificate surrendered for conversion, the Corporation shall issue and deliver to or upon the written order of the holder of the certificate so surrendered for conversion, at the expense of the Corporation, a new certificate covering the number of shares of Series A Preferred Stock representing the unconverted portion of the certificate so surrendered.

(e) Adjustment for Stock Splits and Combinations. If the Corporation, at any time or from time to time after the date that the first share of the Series A Preferred Stock is issued (the "**Series A Original Issue Date**"), shall effect a subdivision of the outstanding Class A Common Stock into a greater number of shares, the Series A Applicable Conversion Price in effect immediately before that subdivision with respect to the Series A Preferred Stock shall be decreased proportionally. Conversely, if the Corporation, at any time or from time to time after the Series A Original Issue Date, shall combine the outstanding shares of Class A Common Stock into a smaller number of shares, the Series A Applicable Conversion Price in effect immediately before the combination with respect to the Series A Preferred Stock shall be increased proportionately. Any adjustment under this paragraph shall become effective at the close of business on the date the subdivision or combination becomes effective.

(f) Adjustment for Common Stock Dividends and Distributions. If the Corporation at any time or from time to time after the Series A Original Issue Date makes, or fixes a record date for the determination of holders of Class A Common Stock entitled to receive, a dividend or other distribution payable in additional shares of Class A Common Stock, in each such event the Series A Applicable Conversion Price that is then in effect shall be decreased as of the time of such issuance or, in the event such record date is fixed, as of the close of business on such record date, to the price determined by multiplying such Series A Applicable Conversion Price then in effect by a fraction (1) the numerator of which is the total number of shares of Class A Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and (2) the denominator of which is the total number of shares of Class A Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Class A Common Stock issuable in payment of such dividend or distribution; *provided, however*, that if such record date is fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Series A Applicable Conversion Price shall be recalculated accordingly as of the close of business on such record date and thereafter the Series A Applicable Conversion Price shall be adjusted pursuant to this paragraph to reflect the actual payment of such dividend or distribution; *and provided further*, that if an adjustment has been made to any Series A Applicable Conversion Price on the fixing of the record date for a dividend or distribution, no additional adjustment shall be made when such dividend is paid or distribution is made.

(g) Adjustments for Other Dividends and Distributions. If the Corporation at any time or from time to time after the Series A Original Issue Date makes, or fixes a record date for the determination of holders of Class A Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation other than shares of Class A Common Stock, in each such event provision shall be made so that the holders of Series A Preferred Stock shall receive upon conversion thereof, in addition to the number of shares of Class A Common Stock receivable thereupon, the amount of other securities of the Corporation which they would have received had their shares of Series A Preferred Stock been converted into Class A Common Stock on the date of such event and had they thereafter, during the period from the date of such event to and including the conversion date, retained such securities receivable by them as aforesaid during such period, subject to all other adjustments called for during such period under this Article IV.D.4 with respect to the rights of the holders of such shares of Series A Preferred Stock or with respect to such other securities by their terms; *provided, however*, that if such a provision has been made on the fixing of the record date for a dividend or distribution, no additional provision shall be made when such dividend is paid or distribution is made.

(h) Adjustment for Reclassification. Exchange and Substitution. If at any time or from time to time after the Series A Original Issue Date, the Class A Common Stock issuable upon the conversion of the Series A Preferred Stock is changed into the same or a different number of shares of any class or classes of stock, whether by recapitalization, reclassification or otherwise (other than a subdivision or combination of shares or stock dividend or a reorganization, merger, consolidation or sale of assets provided for elsewhere in this Article IV.D.4), in any such event each holder of shares of Series A Preferred Stock shall have the right thereafter to convert such stock into the kind and amount of stock and other securities and property receivable upon such recapitalization, reclassification or other change by holders of the maximum number of shares of Class A Common Stock into which such Series A Preferred Stock could have been converted immediately prior to such recapitalization, reclassification or change, all subject to further adjustment as provided herein or with respect to such other securities or property by the terms thereof.

(i) Reorganizations Mergers, Consolidations or Sales of Assets. If at any time or from time to time after the Series A Original Issue Date, there is a capital reorganization of the Class A Common Stock (other than a recapitalization, subdivision, combination, reclassification, exchange or substitution of shares provided for elsewhere in this Article IV.D.4), as a part of such capital reorganization, provision shall be made so that the holders of Series A Preferred Stock thereafter shall be entitled to receive upon conversion of such Series A Preferred Stock the number of shares of stock or other securities or property of the Corporation to which a holder of the number of shares of Class A Common Stock deliverable upon conversion would have been entitled on such capital reorganization, subject to adjustment in respect of such stock or securities by the terms thereof. In any such case, appropriate adjustment shall be made in the application of the provisions of this Article IV.D.4 with respect to the rights of the holders of Series A Preferred Stock after the capital reorganization to the end that the provisions of this Article IV.D.4 (including adjustment of the Series A Applicable Conversion Price then in effect and the number of shares issuable upon conversion of the Series A Preferred Stock) shall be applicable after that event and be as

nearly equivalent as practicable.

(i) Sale of Shares Below Applicable Conversion Price.

(i) If at any time or from time to time after the Series A Original Issue Date, the Corporation issues or sells, or is deemed by the express provisions of this subsection (j) to have issued or sold, Additional Shares of Common Stock (as hereinafter defined), other than pursuant to a transaction described in Articles IV.D.4(e)-(i) above for which adjustment was made as provided in the applicable Article, in any event for an Effective Price (as hereinafter defined) less than the then-effective Series A Applicable Conversion Price, then and in each such case the then existing Series A Applicable Conversion Price shall be reduced, as of the opening of business on the date of such issue or sale (or such deemed issuance or sale), to a price determined by multiplying the then Series A Applicable Conversion Price by a fraction (i) the numerator of which shall be (A) the number of shares of Common Stock deemed outstanding (as defined below) immediately prior to such issue or sale, plus (B) the number of shares of Common Stock which the aggregate consideration received (as defined in subsection G)(«)) by the Corporation for the total number of Additional Shares of Common Stock so issued would purchase at such Series A Applicable Conversion Price, and (ii) the denominator of which shall be the number of shares of Common Stock deemed outstanding (as defined below) immediately prior to such issue or sale plus the total number of Additional Shares of Common Stock so issued. For the purposes of this subsection, the number of shares of Common Stock deemed to be outstanding as of a given date shall be the sum of (A) the number of shares of Common Stock actually outstanding and (B) the number of shares of Common Stock issuable upon conversion of the then outstanding Series A Preferred Stock and all outstanding rights, warrants and options to purchase Common Stock or Convertible Securities (as defined below).

(ii) For the purpose of making any adjustment required under this Article IV.D.40), the "Effective Price" received by the Corporation for any issue or sale of securities shall (A) to the extent it consists of cash, be computed at the net amount of cash received by the Corporation after deduction of any underwriting or similar commissions, compensation or concessions paid or allowed by the Corporation in connection with such issue or sale but without deduction of any expenses payable by the Corporation, (B) to the extent it consists of property other than cash, be computed at the fair value of that property as determined in good faith by the Board of Directors in accordance with sound financial practice, and (C) if Additional Shares of Common Stock, Convertible Securities or rights or options to purchase either Additional Shares of Common Stock or Convertible Securities are issued or sold together with other stock or securities or other assets of the Corporation for a consideration which covers both, be computed as the portion of the consideration so received that may be reasonably determined in good faith by the Board of Directors to be allocable to such Additional Shares of Common Stock, Convertible Securities or rights or options.

(iii) For the purpose of making any adjustment required under this Article IV.D.4(j), if the Corporation issues or sells any rights or options for the purchase of, or stock or other securities convertible into, Additional Shares of Common Stock (such convertible stock or securities being herein referred to as "Convertible Securities") and if

the Effective Price of such Additional Shares of Common Stock is less than the effective Series A Applicable Conversion Price, the Corporation shall be deemed to have issued at the time of the issuance of such rights or options or Convertible Securities the maximum number of Additional Shares of Common Stock issuable upon exercise or conversion thereof and to have received as consideration for the issuance of such shares an amount equal to the total amount of the consideration, if any, received by the Corporation for the issuance of such rights or options or Convertible Securities, plus, in the case of such rights or options, the minimum amounts of consideration, if any, payable to the Corporation upon the exercise of such rights or options, plus, in the case of Convertible Securities, the minimum amounts of consideration, if any, payable to the Corporation upon the conversion thereof; *provided* that if in the case of Convertible Securities the minimum amounts of such consideration cannot be ascertained, but are a function of anti-dilution or similar protective clauses, the Corporation shall be deemed to have received the minimum amounts of consideration without reference to such clauses; *provided further* that if the minimum amount of consideration payable to the Corporation upon the exercise or conversion of rights, options or Convertible Securities is reduced over time or on the occurrence or non-occurrence of specified events other than by reason of anti-dilution adjustments, the Effective Price shall be recalculated using the figure to which such minimum amount of consideration is reduced; *provided further* that if the minimum amount of consideration payable to the Corporation upon the exercise or conversion of such rights, options or Convertible Securities subsequently is increased, the Effective Price shall be recalculated again using the increased minimum amount of consideration payable to the Corporation upon the exercise or conversion of such rights, options or Convertible Securities. No readjustment in respect of any rights, options or Convertible Securities pursuant to this Article IV.D.4(j) shall have the effect of increasing the Series A Applicable Conversion Price to an amount which exceeds the lower of (i) the Series A Applicable Conversion Price for such series that was in effect on the original adjustment date or (ii) the Series A Applicable Conversion Price for such Series A Preferred Stock that would have resulted from any issuance of Additional Shares of Common Stock between the original adjustment date and the date of such readjustment for which no adjustment was made. No further adjustment of Series A Applicable Conversion Price, as adjusted upon the issuance of such rights, options or Convertible Securities, shall be made as a result of the actual issuance of Additional Shares of Common Stock on the exercise of any such rights or options or the conversion of any such Convertible Securities. If any such rights or options or the conversion privilege represented by any such Convertible Securities shall expire without having been exercised, the Series A Applicable Conversion Price as adjusted upon the issuance of such rights, options or Convertible Securities shall be readjusted to the Series A Applicable Conversion Price which would have been in effect had an adjustment been made on the basis that the only Additional Shares of Common Stock so issued were the Additional Shares of Common Stock, if any, actually issued or sold on the exercise of such rights or options or rights of conversion of such Convertible Securities, and such Additional Shares of Common Stock, if any, were issued or sold for the consideration actually received by the Corporation upon such exercise, plus the consideration, if any, actually received by the Corporation for the granting of all such rights or options, whether or not exercised, plus the consideration received for issuing or selling the Convertible Securities actually converted, plus the consideration, if any, actually received by the Corporation on the conversion of such Convertible Securities, *provided* that such readjustment shall not apply to prior conversions of Series A Preferred Stock.

(iv) **"Additional Shares of Common Stock"** shall mean all shares of Common Stock issued by the Corporation or deemed to be issued pursuant to this Article IV.D.4(j) or Article IV.E.4(j), whether or not in the form of common stock or preferred stock or convertible debt or whether subsequently reacquired or retired by the Corporation other than (1) shares of Class A Common Stock issued upon conversion of any Series A Preferred Stock, and (2) shares of Common Stock issuable or issued (as adjusted for any stock splits, reverse stock splits, recapitalizations and similar capital events) by the Corporation pursuant to employee stock option or stock purchase plans or other arrangements that are approved by the Board of Directors and (3) shares of Common stock issued or issuable to pursuant to options, warrants or shares to professional advisors.

(v) Accountants' Certificate of Adjustment. In each case of an adjustment or readjustment of the Series A Applicable Conversion Price for the number of shares of Class A Common Stock or other securities issuable upon conversion of Series A Preferred Stock, the Corporation, at its expense, shall compute such adjustment or readjustment in accordance with the provisions hereof and prepare a certificate showing such adjustment or readjustment, and shall mail such certificate, by first class mail, postage prepaid, to each registered holder of shares of Series A Preferred Stock at the holder's address as shown in the Corporation's books. The certificate shall set forth such adjustment or readjustment, showing in detail the facts upon which such adjustment or readjustment is based, including a statement of (1) the consideration received or deemed to be received by the Corporation for any Additional Shares of Common Stock issued or sold or deemed to have been issued or sold, (2) the Series A Applicable Conversion Price for such series in effect prior to and after giving effect to such adjustment or readjustment, (3) the number of Additional Shares of Common Stock and (4) the type and amount, if any, of other property which at the time would be received upon conversion of such shares of Series A Preferred Stock.

(vi) Automatic Conversion.

(i) Each share of Series A Preferred Stock automatically shall be converted into fully paid and non-assessable shares of Class A Common Stock, based on the then Series A Applicable Conversion Price at the earlier of, (A) upon the vote or written consent of the holders of at least a majority of the then outstanding shares of Series A Preferred Stock, (B) immediately prior to the closing of any merger or other transaction with a public company for the purpose of the Corporation becoming a public company or (C) upon the Corporation becoming a reporting company under the Securities Exchange Act of 1934.

(ii) Upon the occurrence of an event specified in paragraph (i) above, the outstanding shares of Series A Preferred Stock shall be converted automatically without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; *provided, however*, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Series A Preferred Stock either are delivered to the Corporation or its transfer agent as provided below, or the holder notifies the Corporation or its transfer agent that such certificates have been lost, stolen or destroyed and executes an agreement

satisfactory to the Corporation to indemnify the Corporation from any loss incurred by it in connection with such certificates. Upon the occurrence of such automatic conversion of the Series A Preferred Stock, the holders of Series A Preferred Stock shall surrender the certificates representing such shares at the office of the Corporation or any transfer agent for the Series A Preferred Stock. Thereupon, there shall be issued and delivered to such holder promptly at such office and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which such shares of Series A Preferred Stock surrendered were convertible on the date on which such automatic conversion occurred.

(k) Fractional Shares. No fractional share of Class A Common Stock shall be issued upon conversion of Series A Preferred Stock. All shares of Class A Common Stock (including fractions thereof) issuable upon conversion of more than one share of Series A Preferred Stock by a holder thereof shall be aggregated for purposes of determining whether the conversion would result in the issuance of any fractional share. If, after the aforementioned aggregation, the conversion would result in the issuance of any fractional share, the Corporation, in lieu of issuing any fractional share, shall round the number of shares to be issued up to the nearest whole number of shares.

(l) Reservation of Stock Issuable Upon Conversion. The Corporation at all times shall reserve and keep available out of its authorized but unissued shares of Class A Common Stock, solely for the purpose of effecting the conversion of the shares of the Series A Preferred Stock, such number of its shares of Class A Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of the Series A Preferred Stock. If at any time the number of authorized but unissued shares of Class A Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Series A Preferred Stock, the Corporation will take such corporate action as, in the opinion of its counsel, may be necessary to increase its authorized but unissued shares of Class A Common Stock to such number of shares as shall be sufficient for such purpose.

(m) Notices. Any notice required by the provisions of this Article IV.D.4 shall be in writing and shall be deemed effectively given: (i) upon personal delivery to the party to be notified, (ii) when sent by confirmed telex or facsimile if sent during normal business hours of the recipient; if not, then on the next business day, (iii) five (5) days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (iv) one (1) day after deposit with a nationally recognized overnight courier, having specified next day of delivery, with written verification of receipt.
