Article III: Purpose

Date of Incorporation: January 2006  
Type of Corporation: C

Tech Immersion's purpose is to assist the technologically unacquainted by facilitating their acclimation to the technology/information sphere. We seek to fulfill this purpose through value added technology resale and individualized consultation and education programs, encouraging and promoting the development of basic to advanced technology proficiency for our customers.

We will create and provide customized technology packages and unique training manuals that educate customers in the uses of computers and related technologies. Through offering a single, consolidated point for technology sales and service, we greatly simplify this process while providing value through customer-centric attentiveness. Essentially, we aim to make our customer's transition into technological aptitude as straightforward as possible.

This technology will include computer hardware, computer software, computer peripherals, online connectivity, direct training and education, and web-based online services, as well as computer consulting services in the fields of web design, database creation, data recovery, and technical support; installation, maintenance and technical services for computer software, computer hardware, and computer networks; installation, maintenance and technical services for information and information processing computer systems, computers, computer peripherals, and desktop and network computing system; installation, maintenance and technical services for computer software, computer hardware, and computer networks; installation, maintenance and technical services for information and information processing computer systems, computers, computer peripherals, and desktop and network computing system.
