Subject: Question about changing name on Corporate Docs after marriage

800107688618

To Whom It May Concern;

I am co-owner of The Lance Group, Inc. Doc # p06000043097, FEI #20-4719537. I just got married on July 3rd and my new legal name is Michelle Balla Lance. On the articles of incorporation that are currently filed, my name just shows as Michelle Balla, my maiden name. How do I get my new married name added? I tried looking under FAQ's, but it only seems to show if we are adding/deleting an officer, nothing to really just update information.

Please let me know so that I can resolve this matter quickly. Thank you! Michelle
