To Whom It May Concern:

Recently I received a letter in my mailbox informing me I owed some sort of annual filing fee due to the fact I was an officer of a corporation.

Until the receipt of the letter I had no knowledge I was the registered officer of the corporation in question, "Centurion Electrical Manufacturing, Inc".

I was involved early last year with a group of people who were starting a business, which to my knowledge hasn't ever done anything. I did not know I was put as the registered agent, and would like to be taken off that record immediately.

The Business in question in effect had never started; it never got past the planning stage. Please de-list the business as active.
