In attempting to file the 2015 Florida Profit Corporation Annual Report we noticed that someone without permission had already filed the 2015 Annual Report on January 25, 2015 and also changed the mailing address, the registered agent name and address, and the Officer/Director Detail.

The original Officer/Director Amar B. Shah is still the owner of this Corporation and has neither sold his stock nor given anyone permission to change the information on this report.

We will be filing an amended annual report for 2015.

If you have any questions please give me a call.
