

P10000042461

My name is Anna French and I am a cookbook author, who periodically checks my name on Google.com to see how my cookbook progress is going. On 08/2014 my name came across linked to Florida's Water & Fire Restoration Company Inc. listed as a registered agent. All the information is legit however, with one small factor that I never had knowledge of this company that was opened back in 05/2010. My personal information and forged signature was used by Ernesto Fernandez or know as Ernie Fernandez to open this business.

I went ahead and filled a police report back on 08/2014 and have as well contacted the Department of State Division of Corporations.

Sincerely,

Anna French
