Dear Diane:

Per our conversation, All about Teeth, P.A. was filed on 11/30/2010 and we are aware that it has the same name as All About Teeth, LLC. The reason is that the LLC company is the management company for the P.A. company.

The principals in the LLC is also named in the P.A., we therefore understand the name issue but this is what we want and we release Florida Department of State, Division of Corporations for any naming issues that may arise down the road.

Sincerely,

Chris Wittusen
