E. If amending or adding additional Articles, enter change(s) here:
(Attach additional sheets, if necessary). (Be specific)

The authorized Common shares par value of \$0.001 shall be increased to Five billion (5,000,000,000) for future acquisitions.

Our Articles of Incorporation presently authorize 2,000,000,000 shares of common stock. As of November 16, 2018, there were 515,434,930 shares of common stock outstanding. In order to provide funding for the Company's operations and future acquisitions, it will be necessary to issue additional shares of common stock, or promissory notes that are convertible into common stock. Most lenders that fund convertible notes require that the borrower direct its stock transfer agent to establish a reserve of authorized shares to be available for conversion of the lender's convertible notes. If the market price of the borrower's convertible stock declines, the reserve may be required to be increased. In the event that there are insufficient authorized shares to honor a conversion notice, there may be contractual penalties payable by the borrower. The increase in the Company's authorized shares of common stock to 5,000,000,000 shares from 2,000,000,000 shares is intended to provide adequate authorized shares to cover the Company's funding needs for at least the next 12 months.

The authorized Blank Check Shares par value of \$0.001 shall be increased to One billion (1,000,000,000) for future acquisitions

None of the directors or executive officers of the Company has any substantial interest resulting from the Amended and Restated Articles of Incorporation that is not shared by all other stockholders pro rata, and in accordance with their respective interests. The "Blank Check" Preferred Stock may be issued from time to time in one or more series by our Board of Directors. Our Board of Directors is expressly authorized to provide, by resolution(s) duly adopted by it prior to issuance, for the creation of each such series and to fix the designation and the powers, preferences, rights, qualifications, limitations and restrictions relating to the shares of each such series of Blank Check Preferred Stock.

F. If an amendment provides for an exchange, reclassification, or cancellation of issued shares, provisions for implementing the amendment if not contained in the amendment itself:
