(Attach *additional sheets, if necessary*). (Be specific)

1. What is the purpose of the study?
 The purpose of the study is to investigate the effect of the use of a mobile learning application on the learning outcomes of students in a mathematics course.

2. What are the research questions?
 The research questions are:
 - How does the use of the mobile learning application affect the learning outcomes of students?
 - What are the factors that influence the effectiveness of the mobile learning application?

3. What is the significance of the study?
 The significance of the study is that it provides valuable information about the effectiveness of mobile learning applications in improving learning outcomes, which can be used by educators to enhance their teaching practices.

4. What are the limitations of the study?
 The limitations of the study are that it only focuses on the use of a mobile learning application in a mathematics course, and it does not consider other factors that may affect learning outcomes.

5. What are the conclusions of the study?
 The conclusions of the study are that the use of a mobile learning application has a positive effect on the learning outcomes of students, and that the effectiveness of the application is influenced by factors such as the quality of the application and the motivation of the students.
