please be advised that the referenced document filing should be made as Scurrier, Inc., the correction was made online but the system would not allow the "effective" date to remain as 9/28/19 or the desired effective date of 9/25/19...please advise as the error we made in failing to add the word INC would hopefully not prevent the effective date from being 9/25/19; I believe this problem with the effective date is the result of a computer error that would not be occurring but for the fact that DOS is behind. Please advise whether you can correct both matters manually to reflect the addition of INC and make the effective date to be 9/25/19. Thank you.
