Re: Fraudulent business at home address

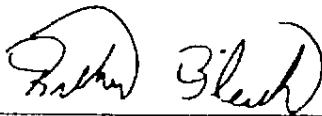

600370736516

On 7/2/2021, I discovered that a false business had been filed at my home address, 940036 Old Nassauville Rd. Fernandina Beach, Fl. 32034. The false company's name is listed as Syracuse Global Corp, Document # P21000030414, filed with the Florida Department of State 3/29/2021 (effective date 3/27/2021).

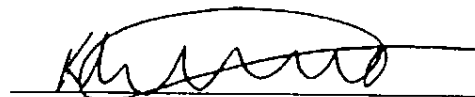

I am unsure of the reason that this was done, but am quite sure that the motive was to commit some form of identity theft, possibly to steal our home. After searching all associated documents on the Florida Department of State website, I could not find any evidence that whoever filed this was required to provide any form of proof of who they were, nor was there a required signature. With all of the identity theft and other similar crimes which are so prevalent these days, I am hopeful that in the future, the Florida Department of State will require proof (photo ID and notarized signature at minimum) for someone to register a business in the State of Florida. Requiring proof of identity would assist other citizens of the State of Florida from having to deal with this type of crime in the future.

I did not register this business at my home address, nor did I give anyone consent or permission to register this business at my home. In addition to notifying your agency, I have also filed a report with the Nassau County Sheriff's Office (CCR # 21-51459) as well as my mortgage holder.

Please advise if any additional information is required.
