Dear Ms. Varnadore,

On March 29, 2021, Bako Medical Center INC (P21000031010) was established as a corporation under my name, Howard Jackson and listed the principal place of business as:
14451 Lake Huckleberry Lane
Winter Garden, FL

I only became aware of this company after I started receiving mail for this business. I was not immediately alarmed as I just thought it was a simple address mistake by a neighbor and I would look into it later. Not until I received a notice from the United States Postal Service requesting a change of address for this business that I decided to check Sunbiz.org to see who the business owner was so I could get the original mail I received to them. To my surprise, the business was registered to me at my address.

I have no idea what the dealing of this business is, who would have used my name and address or why. I have been in contact with the Orange County Police and opened a case as a precaution. I have also gone online and dissolved this corporation (although still listed as "active" on the website) and I have also disputed the change of address with USPS as I am afraid bank accounts may be opened under the business.

I am not sure if there is any way for you to indicate on SunBiz.org that this business has been set up fraudulently, but if that is possible, please do. I can be reached at 407-765-6977 if you have any questions.

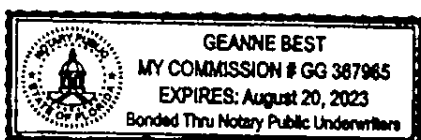

Sincerely,

Howard Jackson
