1. The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand the current market landscape, identify gaps, and determine the target audience. Once a market need is identified, the next step is to develop a concept that addresses this need. This concept should be innovative, feasible, and profitable.

2. The second step is to create a business plan. This document outlines the company's mission, vision, and financial projections. It also details the marketing strategy, operational plan, and management team. A well-crafted business plan is essential for securing funding and guiding the company's growth.

3. The third step is to secure funding. This can be done through various channels, including venture capital, angel investors, crowdfunding, or bank loans. Each option has its own requirements and risks, so it's important to choose the one that best fits the company's needs and goals.

4. The fourth step is to develop a prototype. This is a tangible representation of the product concept, used to test the design and gather feedback from potential customers. Prototyping allows entrepreneurs to identify and address design flaws before moving forward with full-scale production.

5. The fifth step is to launch the product. This involves creating a marketing campaign to generate awareness and drive sales. The launch should be timed to coincide with the company's financial resources and market conditions.

6. The final step is to monitor and evaluate the product's performance. This involves tracking sales, customer feedback, and market trends. Based on this data, entrepreneurs can make adjustments to the product, marketing strategy, or business plan to ensure long-term success.

Subject: NAME CHANGE/CORRECTION AMENDED

Message:

To Whom it may concern,
attached to this email I have combined a copy of two different amended electronic filings regarding the same corporation just making a second request for a name change.

On 3/09/2022 I filed to open a new corporation with the business name of "Cyclone Repair of sliding glass doors and windows INC.

On 4/20/2022 I submitted an amendment to change the name to Cyclone Repairs INC but did not realize that I had requested the wrong name change but once I noticed the change had been made so at that point in time I submitted my second amendment to correct the name to Cyclone Repairs INC.

So at this point I am requesting that someone please review my documents to make the correct changes .

Thank You,

Ana G. Patino
