In accordance with the current legal requirements and shareholder approval, the relevant clause within our existing Articles

of Incorporation concerning authorized shares is being modified. Previously, the company had authorized 1,000,000 shares.

With this amendment, the number of authorized shares is being increased tenfold. Henceforth, the company will have

10,000,000 authorized shares. This modification accommodates potential future expansion fundraising and better aligns

with the company's strategic objectives. The revised clause in the Articles of Incorporation will reflect this substantial

change in the authorized capital of the company.
