Subject: Unauthorized Officer Change and Address- Tool Shack, Inc

Lee -

Per our conversation yesterday, our business, the Tool Shack, Inc, was victim to an unauthorized edit via the Sunbiz website. This change was executed by a person unknown to us and who is in no way affiliated with our business. The unauthorized change was submitted to Subiz as an amendment to our 2014 annual report, and was filed on November 23, 2014. This amendment included the following changes:

- \* Name change of the PSTD
- \* Principal Address change
- \* Mailing Address change
- \* Registered Agent Name and Address Change
- \* Office / Director Detail change

700271565807

The lawful and correct PSTD is Damon Charles Loop, and all associated addresses of the business and the director are 226 Edgewood Ave, Jacksonville, FL 32254. The fraudulent amendment filed 11/23/14 named Serge Pierre of 2151 NE 167th Street, Suite 1, North Miami Beach, FL 33162. As previously mentioned, this person is in no way affiliated with our business.

We immediately rectified the error by filing our 2015 annual report. In addition, we have filed a case with the Jacksonville Police Department. The Case number is 231281 and the reporting officer is N.B. Pittman, #5395.

We appreciate your assistance in identifying this fraudulent activity and helping with any follow-up. At this time we have yet to uncover any additional fraud, such as loans against the business, but understandably this research will take some time and effort to complete. Thank you again for your help. Please let us know what else we need to provide for you in the way of follow-up.

Sincerely,
