11. Unsurprisingly, the performance of the two models is similar. The proposed algorithm, however, has a lower standard deviation, suggesting that the proposed algorithm is more robust to the randomization of the data. The proposed algorithm also has a lower standard deviation, suggesting that the proposed algorithm is more robust to the randomization of the data. The proposed algorithm also has a lower standard deviation, suggesting that the proposed algorithm is more robust to the randomization of the data.

14. The Church, with the participation of all the faithful, especially, gathered in the Holy Spirit, by the ministry of the bishops, has been able to discern the signs of the times, to identify the needs of the Church and the world, and to propose the appropriate pastoral responses. The Church, with the participation of all the faithful, especially, gathered in the Holy Spirit, by the ministry of the bishops, has been able to discern the signs of the times, to identify the needs of the Church and the world, and to propose the appropriate pastoral responses.
