RE: Florida Intangibles Tax

As you know, the Florida Intangibles Tax is a tax that is based upon the value of your intangible assets as of the end of each year. Intangible assets include the value of your corporation plus the amount of shareholder loans on the books, plus other investments you may have in stocks, bonds, mutual funds, etc.

In prior years, your corporation elected to pay the intangibles tax for its shareholders, since it had to file the intangibles tax return anyway on the value of its accounts receivable and other intangible assets. Recent changes in the law have eliminated business trade accounts receivable from the intangibles tax. As a result, many corporations who previously had a reporting requirement, are no longer required to file a Florida Intangibles Tax return. This means that some shareholders may have to file their own Florida Intangibles Tax return to report the value of their intangible assets.

According to our records, the value of your intangible assets related to your company are:

Common stock	\$ 1,000.00
Shareholder loan	\$ -0-
