Dear Darlene Connell,

Per my phone conversation with you on approximately June 12, 2006 I am writing to request that my name be removed as an Officer for Auto Locators & Leasing. This was done on August 12, 2005, see attached. Apparently when Mike Barber filled the annual report electronically on May 01, 2006 he added me back on to the filling.

I am not now or nor have I ever been associated with Auto Locators & Leasing, Inc. in any way. This man keeps using my name to gain credit. In fact it was collection calls that alerted me to the problem originally in 2005 and a different one called today saying I was responsible for the debt as I was a corporate officer. So please remove my name from the records. Thanks for your assistance in this matter.

Sincerely,

Joseph E. Burns
