Dear Mr. Jurgens:

Re: "EcoSystems Land Mitigation Bank Corporation"

Reference is made to your fax/letter of October 20, 1994, concerning the use of the above-referenced name approval.

It is the opinion of this Department that your name is definitive enough to differentiate the business being conducted from that of a commercial bank or trust company. Therefore, the Department does not object to your use of the above-referenced corporate name.

Sincerely,

A handwritten signature in black ink, reading "Terence M. Straub".

company may sell credits as determined between the Department and the mitigation bank company. Credits are purchased on the open market by developers, utilities, governmental authorities, or other business entities as required to mitigate the environmental impacts for their respective projects.

As you can tell, a mitigation bank company is not conducting business in the manner that a traditional financial institution would conduct its business. In summary, mitigation bank companies create mitigation areas and sell mitigation credits for those areas to the general public. For your information, we have substantial documentation prepared which explains the mitigation bank process, summarizes Fla. Admin. Code ch. 17-342, and describes the operation of the mitigation bank in detail. If this additional information is necessary from your standpoint to obtain written approval and clearance, please advise and I will forward the same directly to your attention.

Thank you in advance for your assistance in this matter. On behalf of EcoBank Corporation and EcoSystems Land Mitigation Bank Corporation, I look forward to receiving written approval. If there are any costs associated with this request, please advise.

Yours very truly,

HONIGMAN MILLER SCHWARTZ AND COHN
