RE: Application for Corporate License

To Whom It May Concern:

In April 1998, I forwarded an application for a corporate license along with a \$150.00 processing fee. I assumed, at that time, the license was issued, as I received no response from your department. However, in late July 1998, I received my application torn in half along with my initial check with a letter stating the application was received late and therefore not processed.

I have made several attempts to resolve this matter via telephone over the past several months. During one conversation with a representative I was told the computers were down, other attempts generated no response, until now, after receiving another letter containing a final notice and an application. I contacted your office again. The representative stated a letter recapping my previous attempts to resolve this matter and my application would provide the documentation necessary to receive my license and waive the \$680 in fines that have been assessed to this point.

Therefore, I am requesting acceptance of my applications and a waiver for my fees that have been assessed.

Please contact me if you need further assistance regarding this matter.

VI

Sincerely.

Dan White
