Re: Federal and Florida Applications
for Mark Registration
"IAREDO & LEFTY'S"

Dear Tripp:

Enclosed are two (2) applications for registration of the subject mark in the federal system and the State of Florida. Please review the applications carefully to ensure that the information therein is correct. In particular, such things as the date of first use and the description of the goods or services are quite important. You should read over these applications carefully and completely understand them and ensure that they are correct before signing them.

If the applications appear to be incorrect in any respect, or if you are unsure about any item in these applications, then please call me immediately so that we may discuss the matter to determine if there is in fact any change required. If any change is required, then I will have you return the applications to me without signing them and I will furnish corrected applications to you for your signature.

If the applications are correct, please execute the Florida application before a Notary as indicated and sign the federal Declaration as indicated, then return the executed applications to me with the necessary fees for filing with the Secretary of State and the United States Patent and Trademark Office. Note that I have not charged any legal fee for the State application since that merely required revision of the earlier edition.

You have previously furnished to me appropriate samples of usage of the subject mark, which I will enclose with the applications for filing. I apologize for the delay in getting these to you. I thought they had actually gone out some time ago, but they were held up because of an apparent first usage date
